LUST FOR BATTLE STIRS THE REBELS

Fierce Attack on Juarez Made Against the Orders of General Madero.

FIVE KILLED ON U. S. SOIL

Madero Prevents General Attack and Regrets Action of Soldiers—Situation Becomes Critical—Border Trouble.

El Paso, Texas, May 8.—Insubordination in the ranks of Gen. Madero's army and a lust for the fight of which Federal concessions apparently had deprived them, caused a fierce attack on Juarez, which culminated tonight in a careful retreat of the insurrectos after a day of continuous skirmishing.

The 150 rebels who early today opened fire on the Federals not only captured some of the important outposts, but carried the fighting into Juarez. Failing reinforcements they retired.

The casualties of the insurrectos and Federals are not known tonight, but five people on the American side of the line were killed and at least 12 wounded. Thousands of people in El Paso dotted roof tops or lined the river banks in direct line of the fire. Col. Steever, of the fourth United States cavalry, protested to both armies against the fire into American territory and it lessened considerably thereafter.

Nearly 1,000 American troops were massed on the border keeping crowds back and ready to respond to any orders from Washington.

Gen. Madero Downhearted.

Tonight couriers galloped back and forth in an effort to arrange an armistice so that peace negotiations might be resumed. Gen. Francisco I. Madero, Jr., is a sad and downhearted man. His efforts to prevent a general attack were successful, but only after he had been bombarded with conflicting stories as to the actual cause of the conflict.

Gen. Madero tonight thought that remarks attributed to Col. Tambourel, of the Federal garrison in Juarez taunting the insurrectos incensed them. In a statement Gen. Madero genuinely regretted the occurrence.

The fight lasted until dark and furnished many thrilling spectacles as well as continuous terror for many Americans living along the river bank.

About a dozen insurrectos were seen to emerge from the hills around Juarez early in the day. They skulked along through the shrubbery toward the Federal outposts, firing repeatedly at a squad of Federals cooped up in an adobe house.

Federals Began Fighting.

The version of the affair given at the Madero headquarters tonight was that the Federals began the engagement. At any rate, the Federals soon left their adobe stronghold and fled, pursued by the insurrectos. At the head of the insurrecto band was a Canadian, W. H. McKeizle, whose pink shirt was plainly visible as he pressed closer to Juarez.

At the first few shots, two Federals toppled over. Soon the Federals abandoned their trenches and the rebels fired intermittenly for a few hours without advancing. About 5 o'clock the Federals brought their artillery into action and heavy cannonading began.

The Federals guaged their fire well and not only shot shrapnel into the insurrecto advance, but far into the outlying forces of the insurrecto camp near Peace Grover, where the peace commissioners were to have met today.

The insurrectos, however, took advantage of the river bank and used it for protection, as the Federals had been ordered not to shoot into El Paso. The rebels came as far as the Atchison Topeka & Santa Fe railway bridge, which joins Juarez and El Paso, driving the Federals back in town and taking possession of the custom houses.

Rebels Entered the Town.

Carrying the fight into Juarez, the rebels entered the town and for four hours kept up continuous fire. Insurrecto reinforcements reached the bridge later in the afternoon, but did not fire. They withdrew at night under orders from their chiefs.

Not a few Americans were among those who entered Juarez. The first person killed on the American side of the line was Antonio Garcia, who was standing by the side of the Associated Press correspondent about 200 yards from the advancing insurrectos across the river.

A woman sitting on a porch several blocks within the city, was hit in the wrist and the abdomen by two bullets.

About 6 o'clock tonight to Americans were killed near the Santa Fe bridge. The name of one is supposed to be Camp and his home is said to be in Nebraska, while the other had on his person a memorandum reading "R. H. Ferguson, F., third cavalry, San Francisco."

The names of the other killed have not been learned. Glen Chesman, of Shreveport, La., Mrs. Joseph Moorehead, Edmund Healon and Luis Villa Lobas, of El Paso, were among those wounded, but not fatally.

There was occasional firing tonight into Juarez, but Gen. Navarro seemed

EX-GOVERNOR ON SITUATION

Mr. Glenn Talks on Presidential and Senatorial Candidates—Affairs of a Day in Raleigh—Crops in the State.

(Special Star Correspondence.)

Raleigh, N. C., May 8.—Governor Woodrow Wilson is growing to an amazing degree with the people of the East and the South, declared ex-Governor R. B. Glenn this morning in discussing the political outlook as it bears on the probable Democratic nominee for the presidency in 1912. Governor Glenn said that he had previously expressed the opinion that Judson Harmon, of Ohio, would be the Democratic candidate to oppose President Taft.

He now believes that the candidacy lies between Harmon and Wilson. However, just now with the great strength that Wilson is developing in the South and in the Eastern States, there is every indication that he will distance Harmon unless there is some unexpected check to the spread of the Wilson favoritism now so evident. Governor Glenn says that in his travels throughout the country he is impressed with the general conviction there is evident that the next year is to be a Democratic year and that it seems to him that about the only thing that can prevent the realization of this expected Democratic victory is some mistake in Congress by the party leader and he anticipates no such outcome.

Asked about his view of the situation in this State as to the Senatorial contest Governor Glenn evaded an expression of preference as to Senator Simmons or Governor Kitchin. He is known to be a warm friend of ex-Governor Aycock. He did say that he thinks if Governor Aycock is to get in the race at all he should have declared his candidacy without further delay. He says the friends of the ex-governor are entitled to know whether he will be in the race or not. Many of them are being pressed, he says, to line up with one or the other of the two avowed candidates, Simmons and Kitchin and the Aycock following should not be embarrassed in their attitude toward the others by having to hold off for long on an uncertainty as to the Aycock candidacy. Ex-Governor Glenn called on ex-Governor Aycock this morning and had quite a conference with him.

The calandar for the 14th judicial district will be called for argument in the Supreme Court Tuesday morning, there being 15 appeals docketed for argument.

There was a voluntary proceeding in bankruptcy filed with the clerk of the Federal Court here for Finch & Bros., Wilson, lumber dealers, the assets being stated to be $550 and the liabilities $2,000.

Superintendent W. R. Coppedge, of the Richmond county Public Schools, reports to the Superintendent of Education, the carrying of yet another school district for local tax to improve the schools. Richmond county is making fine progress in this direction it is said.

The Lincoln County Farmers' Union Warehouse Co., was chartered today with $25,000 capital by J. R. Warlick, P. A. Jones and numerous others for doing a general farm product house business under the auspices of the Farmers' Union of the county.

The Cox-Lewis Hardware Co., of Asheboro, capital $100,000 authorized and $10,000 subscribed by O. R. Cox, J. T. Winslow and others, was another new corporation chartered today. Still another was the Union Metal Roofing Co., Lincolnton, capital $5,000 by D. L. Younst and others. And still another was for the Washington Realty and Collecting Agency, inc., Washington, N. C., capital $10,000 by Mrs. Mary Laughinghouse and others.

There is an amendment to the charter of the Morganton Manufacturing and Trading Co., by which provision is made for the issuance of $10,000 of preferred 6 per cent. stock.

The State Department of Agriculture estimates that the cotton acreage in North Carolina this season is 1,522,800, an increase of around 8 per cent. over the acreage last year. The crop conditions at this time are decidedly backward. The planting is still in progress and looks like there will have to be considerable replanting on account of the cold and unseasonable weather retarding and in some instances preventing germination. The backward season delayed the planting to begin with and the continued cold and rain the whole planting period has encountered a decided handicap. If the crop is relieved of the retarding effect of the cold nights and other unfavorable conditions soon there is still opportunity for development that will give the State at least a normal crop.

Because he shipped the body of Lewis West, the negro electrocuted at the State's prison Friday, to Fayetteville, without the necessary removal permit from the city health authorities, George Lane, the colored undertaker here, was fined $5 and costs today in the police court. He appealed and gave $100 bond. He pleaded that he was at home sick and had someone else looking after the work for him and thought this regulation was being complied with.

The Woman's Home Mission Society of the North Carolina Methodist Conference convened here tonight with Edenton Street Methodist church for a four-days' session. The meeting tonight was devoted to the opening ceremonies with the address of welcome by Rev. H. M. North, for the church, and Mrs. B. F. Dixon and Mrs. E. C. Duncan for the local missionary societies. The resopnse was by Miss Josie Doub, of Jonesboro. There was alos an address by Mrs. R. W. McDonel, general secretary, of Nashville. The business meetings of the society will begin tomorrow morning and continue through Thursday.

TAFT ULTIMATUM TO THE FARMERS

Won't Play Politics With Reciprocity, if it Costs Him Their Vote.

MEASURE MUST GO THROUGH

Tells Members of National Grange His Duty Toward the Country—Declares It Wise and Necessary Legislation.

Washington, May 8. — President Taft indulged in some plain talk today in explaining to 25 members of the National Grange that he doesn't intend to play politics with the Canadian reciprocity agreement even if the enactment of that measure by Congress costs him the farmer vote.

The President told his visitors bluntly that he was sorry to hear that Republican farmers would desert the party if the agreement goes through, but fear of such desertion would not change his conviction as to wisdom of such legislation. He said that he believed reciprocity to be the best thing for the whole country and that he did not intend to argue it. N. P. Hull, spokesman for the farmers, intimated strongly that the farmers do not like reciprocity and that Republican votes are likely to be lost if it is passed.

"I have no disposition to interfere with the prosperity of those who make up the bone and sinew of our population—the farmers—and I am convinced that I am in no way interferring with it," declared President Taft in reply to Mr. Hull. "If I am—we carry through this treaty and it turns out that it does bring the injury that you anticipate, it can be repealed by a single Congress. It does not last longer than either side declares it to last. I am convinced that after it has been given one year's trial, neither side will think of reversing it. That is my conviction. I cannot go into an argument.

"You say that the Republican farmers are going to desert us if we put that through. I am very sorry if that is to be the case, because I have a personal liking for the Republican farmers. Just a little mite stronger than for the Democratic farmers, although they are all citizens of the United States whose welfare I must hold equally in my care.

"But my conviction with respect to the advantage of this treaty is very deep. So far as the affect of this on my personal political forutnes, it ought not to influence me and does not influence me in the slightest. I believe this treaty to be the best thing for the whole country, including farmers, merchants, lumbering men and all, because I believe it is contrary to nature, it is flying in the face of providence to put an artificial wall like that between this country and Canada and get the benefit that will insure to peoples of the same traditions, the same language, and practically with the same character of labor. I am willing to abide by the judgment of history—the judgment that will come after the event. When you gentlemen come to see the result I believe that you as fair-minded men will admit that you have been wrong in your fears and that I have been right."

GOVERNMENT CROP REPORT.

Average Condition of Winter Wheat and Rye—Given by States.

Washington, May 8.—The average condition of Winter wheat on May was 86.1 compared with 83.3 on April 1; 82.1 on May 1, 1910, and 86.6 the May 1st ten-year average, according to the May crop report of the Department of Agriculture issued at 2:30 P. M. today.

The average condition of rye was 90.0, compared with 89.3 on April 1, 91.3 on May 1, 1910, and 89.7 the May 1st ten-year average.

The era of Winter wheat to be harvested was about 31,367,000 acres, or 1,940,000 acres (6.6 per cent.) more than the area harvested in 1910 and 3,118,000 acres (.9 per cent.) less than the area sown last Fall (34,485,000 acres.)

The acreage of Winter wheat remaining to be harvested and condition of winter wheat and rye on May 1st by Southern States follows:

State	Acre	Wheat	Rye
Tennessee	917,000	.88	.88
Texas	1,241,000	.83	.91
Oklahoma	1,123,000	.67	.74
Virginia	796,000	.89	.90
Kentucky	760,000	.92	.93
N. Carolina	678,000	.90	.89
S. Carolina	494,000	.85	.88
W. Virginia	404,000	.88	.99
Georgia	258,000	.91	.90
Arkansas	213,000	.88	.89
Alabama	123,000	.90	.86
Mississippi	9,000	.85	..

'PHONE SERVICE 2,000 MILES

New Yorkers Talk Over Direct Line to Denver for First Time in History—Great Expence to the Company.

New York, May 8.—For the first time in the history of mankind the human voice carried 2,000 miles direct tonight, when New York found Denver over the long distance telephone wires. A group of Manhattan newspaper men in a downtown skyscraper talking to another group in the Colorado city, picked up Omaha on the way and also gossiped with Chicago.

A "phantom" telephone, connected with four copper wires the thickness of a lead pencil brought the cities together and in all 22 people were exchanging messages by telephone and telegraph at once over these four wires and the same current sufficed for the simultaneous needs of the 22 senders and receivers of messages.

With wires already strung, it cost $100,000 to make the change and kept busy a gang of wire men four months climbing 87,000 telephone poles and installing coils every eight miles.

The next step is San Francisco, declared J. J. Carty, chief engineer of the American Telegraph & Telephone Company, who superintended the extension of service. "We are on the right track, and before long will have our wires clear through from New York to San Francisco."

RAW WOOL ON FREE LIST.

May Be Result of Caucuses ofo Democrats Yesterday.

Washington, May 8.—Unequivocal declaration in favor of placing raw wool on the free list in the revised wool schedule of the tariff and the consequent material strengthening of the position of that element of the majority party in the House, which favors free raw wool, were the net results of caucuses held today by the Democratic representatives in the New York and New Jersey delegations. The Ohio and Massachusetts Democratic representatives will caucus tomorrow or next day and other states are expected to meet soon to outline their attitude. Interest in the Democratic programme has been greatly stimulated.

By a vote of 18 to 4 the New York caucus endorsed the fight of Representative Francis Burton Harrison, the New York Democratic member of the Ways and Means Committee for free raw wool, whose sharp cutting off of $21,000,000 of revenue is not favored by Clark, Chairman Underwood and other prominent Democrats.

MARTIN IS URGING ACTION.

Democratic Minority Leader Wants Certain Bills Acted Upon.

Washington, May 8.—As leader of the Democratic minority, Senator Martin, of Virgina, today expressed the view that the committees should get down to business in order to afford the Senate opportunity to proceed with legislation. He asked concerning the prospect of early action on the House bills for re-apportionment of members of the House of Representatives, as a result of the recent census and for publicity of campaign contributions.

Senators LaFollette and Dillingham, the former chairman of the Committee on Census and the latter of the Committee on Privileges and Elections, promised to call their committees together to consider the two measures. The Virginia senator called attention to the bare state of the Senate calendar, and suggested that these two questions should be taken up before consideration of the tariff was begun, as the tariff would crowd everything else aside.

Oklahoma City, Okla., May 8.—One man was shot and four others were slightly injured here last night during a fight between special police employed by the Oklahoma street railway company and smpathizers with striking employes. The company has refused to meet the demands of the carmen for increased wages.

OUTLINES.

Th House passed the free list bill last night without amendment. One hundred Republican amendments were rejected. The Democrats were roundly denounced for limiting the freedom of debate on the measure——Insurrectos made a fierce attack on Juarez yesterday as the result of insurbordination in the ranks of Gen. Madero's army. The rebels finally retired after capturing some of the outports. Five Americans were killed——President Taft yesterday told members of the National Grand that he would continue to urge the passage of Canadian reciprocity if it costs him the vote of the farmer——Governor Woodrow Wilson, of New Jersey, addresses the Chamber of Commerce at Denver, Col., last night and was enthusiastically received——For the first time in history long distance telephone connection on a direct wire was had between New York and Denver, Colo., last night, a distance of 2,000 miles.

New York markets: Money on call steady 2 1-4 to 2 1-2 per cent., ruling rate 2 1-4, closing bid offered at 2 1-4; spot cotton closed quiet 15 points nigher, middling uplands 15.65, middling gulf 15.90; fluor market was firm with a fair local trade; wheat irregular, N. 2 red 95 1-2 elevator and 96 7-8 fob afloat; corn marely steady, export new No. 2; corn 59 3-4 fob afloat; oats steady; futures closed nominal; rosin and turpentine quiet,

FREE LIST PASSES AFTER HARD FIGHT

Republicans Tried for Nine Hours to Amend Democratic Measure.

AMENDMENTS THROWN OUT

Democrats Roundly Denounced for Denying Freedom of Debate.—Fight Looked Like Filibuster for a While.

Washington, May 8.—Nine hours of continuous pounding at the hands of the Republican minority of the House of Representatives failed to make a single change in the first Democratic tariff bill, that placing on the free list agricultural implements, meats and many other articles. The bill passed the House tonight by a vote of 236 to 109, the Democrats voting solidly and mustering 24 Republicans with them.

This came after the Democrats had voted down or ruled out of order more than 100 amendments and had demonstrated again that the Democratic majority was a compact and smoothly working machine for the enactment of legislation. Minority Leader Mann threw amendment after amendment into the debate, ranging all the way from free rice to free lead and pig iron; but those that were not ruled out of order were cheerfully voted down by an almost solid Democratic vote.

An attempt by Mr. Mann to re-commit the bill to the Committee on Ways and Means was tabled by the House.

The Republican fight to amend the bill began with an attempt to make the free admission of merchandise apply only to imports from countries that in turn admitted American products free. This was followed by efforts to have incorporated in the bill provisions that would force other countries to give up their discriminations against American meats, live cattle and flour; and to include provisions aimed at countries that impose restrictions on the export of potash and pulp wood.

All of these amendments were thrown out by Chairman Alexander and Chairman Hay, the two presiding officers of the day, as not permissible under the rules of the House.

Republicans Grew Angry.

The Republican leaders, including ex-Speaker Cannon, Mr. Mann and Representative Payne, former Republican leader, roundly denounced the Democrats for denying freedom of debate and amendment.

Mr. Cannon declared that never in the history of Congress had the right of representation on the floor of the House been so limited; and Mr. Payne asserted that the Democrats would be discredited before the country for their arbitrary exercise of majority power.

The Democrats smiled through it all; and on the motion of Mr. Underwood they continued to turn down the Republican amendments. They ruled out amendments covering free rice, free sugar, free iron ore, free paints, drugs, glass and a host of other things. Time after time Mr. Mann appealed from the decisions of the chair overruling his amendments; but in each case the Democratic majority cheerfully sustained the chair.

Looked Like Filibuster.

After four or five hours of attempts at amendment, the Republican fight took on the complexion of a filibuster. Once when denied a vote by the chairman Mr. Mann intimated that the bill would not pass in a hurry. Following that Republicans repeatedly demanded rising votes, but in the end Mr. Mann made no attempt to delay the final vote on the bill. In all the Republican leader offered 83 amendments.

The Democrats steadfastly refused to cut off debate, or lay themselves open to the charge of having passed the bill under a gag rule.

Minority Leader Mann declared that the Democrats had not put either rice or rice flour on the free list, simply because they were products of Southern States. Chairman Underwood, of the Ways and Means Committee, the Democratic leader, replied that the reason rice had not been made free was because the Democrats did not know how much revenue it would cost the government.

"This does not complete our tariff legislation," said Mr. Underwood. "We introduced this bill to give the farmers cheaper agricultural implements and the city dwellers cheaper meats and bread. We could not go beyond that without endangering the revenues. We intend to take up in proper order all tariff rates, and to adjust all of them."

DR. DeFOREST IS DEAD.

Veteran Congregational Missionary of American Mission.

Tokio, May 8.—The Rev. John H. DeForest, D. D., a veteran Congregational missionary of the American mission at Sendai, died today.

Dr. DeForest has been connected with the Sendai mission for many years. He was graduated from Yale in the class of '68. In 1908 he was decorated by the Japanese government with the Order of the Rising Sun, in recognition of his services in dispelling anti-Japanese misconceptions among Americans.

BORDER SITUATION SERIOUS

Troops Unable to Protect Americans—Efforts to Keep People Out of Danger Zone—Major General Wood Talks.

Washington, May 8.—Unless Congress takes a hand in the situation the United States forces on the Mexican border are powerless to protect Americans within range of bullets falling in and around El Paso from Mexican rifles. "All we can do," said Major General Wood, chief of staff of the army, tonight, "is to keep our people out of the danger zone as far as possible and protest to the belligerents against firing in our direction. Without authority from Congress the army cannot cross the border no matter what happens."

Administration officials are watching the constantly changing situation with deep and anxious interest. News that hostilities had been resumed was received at the White House this afternoon with obvious surprise and disappointment. The announcement that President Diaz would resign upon the restoration of peace, followed immediately by the recall of the revolutionists vanguard on March 4 for the city of Mexico, had given rise to hope that the worst was over and peace at last was in sight. The President told callers today that he believed Diaz's promise would be accepted in good faith by the insurrectos. A manifesto to the Mexican people, he thought, would be taken as the surest indication that Diaz would keep his word. And, since this wa sthe only thing which the revolutionists have been most insistent, it was suggested that Madero could not continue fighting.

Without action of Congress, there can be no intervention.

Though the State Department received practically no advices today or tonight, the War Department is keeping in close touch with El Paso through the army officers. However, nothing can be added to the instructions which were given when it became known that another battle was imminent. The only orders were that Americans were to be kept as far as possible away from the firing line.

ABOLISHES GRAND COUNSEL.

Constitutional Cabinet in China—Argument as to Opium.

Peking, May 8.—The long awaited edict abolishing the Grand Counsel and substituting a constitutional cabinet of ten members will be issued today. The new Anglo-Chinese agreement for the immediate reduction and final extinction of the exportation of Indian opium to China also was signed. The opium agreement between the Chinese and British governments becomes operative immediately. It provides that China shall annually diminish its production of opium proportionately with the Indian export, until its extinction in 1917.

Britain agrees that the importation of Indian opium into China shall cease earlier, if the native production in that country ceases.

The cabinet as announced, is made up of the present grand councillors with the addition of Liang Tun Yen, the former president of the foreign board, who is now traveling in the United States.

Prince Ching becomes premier and minister of foreign affairs and Na Tung and Hsu Shih-Chang are made vice prime ministers.

Liang Tun Yen is named second foreign minister. Otherwise the presidents of the various boards become the ministers respectively of their departments. The change is in line with the demands of the National Assembly for a constitutional cabinet responsible to that body instead of to the throne, but in what respect the new ministry is made responsible to the assembly has not been promulgated.

FIVE VICTIMS IN FIRE.

Children of Virginia Farmer Perish in Destruction of Home.

Charlottesville, Va., May 8.—Five of the six children of Sanford Davis, a farmer residing near Free Union, Albemarle county, were burned to death in a fire that destroyed the Davis home today. Davis and his wife and an infant escaped. The dead children ranged in age from three to 15 years. They slept in a room on the second floor, reached by narrow stairs. When discovered the fire already had eaten its way to the stairway. The frantic father attempted to reach the room from the outside, but when at the top of the ladder, has was nearly overcome by the some and heat. Davis called vainly for the children to come to him. The only response came feebly from Estelle, aged 15, who cried: "Papa I can't get out; I am nearly strangled to death."

MEXICAN GOLD COIN.

Nearly $1,000,000 Received by U. S. Sub-Treasury.

New York, May 8.—Mexican gold coin to the amount of nearly $1,000,000 has been received at the Federal sub-treasury and assay office here within a short time past, it was learned today Substantially half the amount has been melted into bullion at the assay office. The remainder was deposited at the sub-treasury. The gold was all of recent coinage.

It was reported that some one, probably a high official of the Mexican government, who anticipated a crisis in Mexican affairs, had shipped the gold here as a precautionary measure.

Trial of the Camorrists — Grand Theatre today. **

GOVERNER WILSON SPOKE AT DENVER

Tells of Political Situation and is Greeted With Much Enthusiasm.

CONTINUES HIS TOUR WEST

Mention of Name as Presidential Timber Caused Demonstration—Talks of Reform in Politics, A Strong Address.

Denver, Colo., May 8.—A demonstration continuing for five minutes, following the mention of Governor Woodrow Wilson as a "probable Democratic candidate at the next election" by President Charles Johnson, of the Denver Chamber of Commerce, tonight at a banquet.

Governor Wilson spoke in part as follows:

"The country is to be congratulated upon the fact that the atmosphere of politics has changed within the last few years, for a few years ago there was danger that reform would be the source of continual uneasiness because it all seemed negative in character. Its object was to correct, to restrain, to punish. The talk was of marauding corporations and great combinations of wealth intended to crush the common man; of the abuse of their power by railroad; of rebates and secret rates and privileges given to the big shipper as against the small one; of the monopolizing of the markets by gigantic trusts and combinations. These things still trouble us, of course, and are still in the background of a great deal that we talk about, and our motive in a great deal that we do is still to correct the abuses which have arisen by these means, but happily the whole programme of reform has become less negative and more constructive. It is becoming evident that we shall not be satisfied with merely prohibitive statutes and penalties imposed upon those who do not sufficiently regard the public interest in the conduct of their business. We see that what we are really after is a reconstruction of our methods of action, not only in the field of business, but also in the field of politics. The picture is very much enlarged before us, and we are seeking larger ends by invigorating constructive means.

"A great people cannot afford to be merely on the defensive. It is not the genius of America to be satisfied with safeguards and prohibitions. We are therefore looking ourselves over from top to bottom in order to find what rearrangement of our statutes and practices is necessary in order that we may go forward in a happy and effective life. We are going about now to enact a thorough programme of popular reform, and we know very definitely the objects at which we intend to aim.

"In the first place, we mean to open up all the processes of our politics. We find that they have been to secret, too complicated, too roundabout; that they have consisted too much of private conferences and secret understandings, of the control of legislation by men who were not legislators, but stood outside and dictated, controlling oftentimes by very questionable means, which they would not have dreamed of allowing to become public, and so we have determined that the whole process must be altered—that we must take the selection of candidates for office for example, out of the hands of small groups of men, of little coteries behind closed doors, and put it in the hands of the people themselves again by means of direct primaries and elections to which candidates of every sort and degree may have free access. We have begun to build up a new system by which to substitute public for private machinery.

"We have determined, in the second place, to give society command of its own economic life again by denying to those who conduct the great modern operations of business the privacy and independence that used to belong properly enough to men who used only their own capital and their individual energy in business. We have set out to make the processes of capital as open as the processes of politics. We are now going forward upon the principle that those who make use of the great modern accumulation of wealth, gathered together by the dragnet process of the sale of stocks and bonds, shall be treated as public trustees; that they shall be made responsible for their business methods to the great communities, which are, in fact, their working partners; that the hand which makes correction shall easily reach them, and that a new principle of responsibility may be felt throughout their structure and operation.

"In the third place, we have determined to safeguard our national resources at every point, realizing, as we do, that we have been too lavish of them and have used them in spendthrift fashion. We now insist that our resources do not consist merely of forests and the power of great streams and the wealth that lies hidden in the mines or merely in the productive powers of our varied soil, but include also the lives and health of our workmen, of our women and children. The rights and health and prosperity of our workingmen and working women and of our children we now recognize as being our chief national resource

Pittsburg, May 8.—Pittsburg today defeated St. Louis by bunching four hits in the third inning and getting big hits in the fourth and sixth. St. Louis made a good start by getting two three-baggers in the first inning, scoring two runs. After that not one of its players got as far as third base.

Pittsburg	002 101 00x—4	9	1
St. Louis	200 000 000—2	7	3

Steele and Gibson; Stee. and Breslan; tie 1:45; umpires O'Day and Brennan.

Detroit	20	2	.909
Boston	11	5	.550
Philadelphia	9	9	.500
New York	9	9	.500
Chicago	9	10	.474
Washington	8	10	.444
Cleveland	8	14	.364
St. Louis	5	16	.238

New York, May 8.—Rain today interrupted the game between the Boston and New York Americans while the seventh inning was in progress, the visitors then being in the lead 4 to 0. Wood, for the second time in the series, shut out the home team. The locals fielded poorly behind Caldwell, who was wild. Called account of rain.

Boston	001 030—4	6	2
New York	000 000—0	1	3

Wood and Nunemaker; Caldwell and Blair; time 1:23; umpires Egan and Evans.

Chicago, May 8.—Detroit defeated Chicago today 8 to 2. Jones was hit in the head by a pitched ball and made unconscious. He was carried off the field. Lange, who was pitching splendid ball up to this time, lost his nerve and had to retire in favor of Baker. The latter could not stop the visitors.

Chicago	000 001 001—2	6	1
Detroit	00 131 201—8	10	1

Lange, Baker and Sullivaon; Cvington and Stanage; time 1:55; umpires PePrrine and Sheridan.

St. Louis, May 8.—The local team broke its losing streak today defeating Cleveland 4 to 2. In the four times at bat Hoffman walked three times and was hit by a pitched ball.

Krapp and Smith; Lake and Stephens; time 1:50; umpires Dineen and O'Loughlin.

At Washington-Philadelphia, rain.

Attend State Trap Shoot.

Dr. J. H. Dreher left yesterday morning for Charlotte where he will this week attend the annual convention and Inter-State tournament of the North Carolina Gun Club Association. Dr. Dreher will be away until Friday and his friends of the Wilmington Gun Club expect to hear from him at the traps.

Atlanta, May 8.—Newspapers and other publications cannot exchange advertising for railroad mileage, according to an opinion rendered today by Judge J. K. Hines, special attorney for the Georgia Railroad Commission and it is expected that the opinion will be promulgated as an order of the commission within a short time. The opinion was rendered in connection with the application of a member of the Georgia Press Association for authority to exchange advertising for railroad tickets.

OPENING GAME TODAY.

Sunday School Baseball League Contest This Afternoon.

The Sunday School Baseball League will open the season this afternoon with a game on the diamond at corner of 17th and Princess streets between the Sunday School of the First Presbyterian Church and the Church of the Good Shepherd. The game will be called at 3:30 o'clock and the attendance is expected to be large.

The league, which is the first of its kind that has ever been organized in the city, is under the control of Mr. Burritt Mills, a young man who is very much interested in clean sport for boys. It was the desire of those interested to have games in different sections of the city, but so far the diamond above mentioned seems to be the only one available.

The schedule of games for the first four weeks is as follows: May 10th, Y. M. C. A. against First Baptist; May 11th, St. Thomas' against Boys' Brigade; May 12th, St. James' against Immanuel Presbyterian Church; May 16th, First Presbyterian against Boys' Brigade; May 17th, St. Thomas' against Church of Good Shepherd; Mal 18th, Y. M. C. A. against Immanuel Presbyterian; May 19th, St. James' against the First Baptist; May 23rd, First Presbyterian against Immanuel Presbyterian; May 24th, Church of Good Shepherd against St. James'; May 25th, St. Thomas' against First Baptist; May 26th, Y. M. C. A. against Boys' Brigade; May 30th, Church of Good Shepherd against Immanuel; May 31st, First Presbyterian against St. James; June 1st, St. Thomas against Y. M. C. A.; June 2nd, Boys' Brigade against First Baptist.

BIG EVENT IN ATLANTA.

Saengerfest of German Societies Attracts Hundreds—Features.

Atlanta, May 8.—German-Americans from the Southeastern States flocked to Atlanta today for the annual Saengerfest of the South Atlantic League of German societies, lodges and singers and brought a day of activity to a close with a grand concert at the Auditorium Armory tonight. A chous of more than 250 male and female voices assisted the soloists of the evening.

The Saengerfest was officially opened in the afternoon with a parade, with Maennershors, Frohsinns and singing delegations from scores of the leading cities in the Southeast in line. Following the concert tonight the visiting Teutons enjoyed a "Kommers," or "convivial" time in Tarc Hall.

FIGHTERS DISMISSED.

Wolgast and Memsic Freed—Was No Prize Fight.

Los Angeles, Cal., May 8.—Boxing bouts as staged at the Vernon Arena, are not "prize fights" within the meaning of the law prohibiting such events, according to Superior Judge Willis, who today dismissed charges against those concerned in the Wolgast and Memsic contest of March 17th. Judge Willis held that T. J. McCarey, promoter, had taken all precautions demanded by law.

OLD SAILORS VANISHED.

Pastor's Report of New York Port Society.

New York, May 8.—The old sailorman who rolled down the streets singing "Blow, My Bully Boys, Blow," has vanished from the New York water front and sailortown with its crimping houses is no more. So says the pastor's report issued today, of the New York Port Society. But is the sailor's condition now better than then? The pastor thinks not. He writes: "The seafaring men today do not follow the sea continuously, regular employment is the exception rather than the rule; such a condition has of necessity transformed the present day sailor into an amphibian, adapted alike for service on water or land. Has this brought about an improvement? On the contrary. Twenty years ago to hear of a sailor arrested, except when on a spree, was a rare thing, but nowadays it has become common and why? An analogy may be found in the aborigine who comes in contact with the dark side of a so-called civilization.

"The old time sailor had little opportunity to become familiar with the happenings on shore. This ignorance was a blessing in disguise—the dead line which barred him from the knowledge of the sinful refinements of pleasure. Today degeneration in a marked degree has taken place among the men who remain."

A. & M. GAME RAINED OUT.

Will Probably Play Washington & Lee Today or Tomorrow.

(Special Star Telegram.)

Raleigh, N. C., May 8.—Washington and Lee and A. & M. baseball game rained out today. The game will probably be played here tomorrow or Wednesday.

Atlanta, May 8.—The Union of all musicians into a world-wide organization is one of the principal subjects before the 16th annual convention of the American Federation of Musicians which opened its sessions here today. More than 500 locals of the United States and Canada are represented at the convention.

Saved Child From Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctors' medicine seemed as useless. Finally we tried Dr. King's New Discovery and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, lagrippe, asthma, croup and sore lungs it's the most infallible remedy that's made. Price 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

Sensational Trial.

Camorrists great case being shown at the Grand today. **

ADDITIONAL FACILITIES.

Seaboard May Provide Another "Slip" and Build New Warehouse.

It was reported yesterday that the Seaboard Air Line had decided to increase the number of "slips" from three to four at the freight terminal here which would enable the unloading of nine large steamers at one time at the Seaboard docks, and also that in the near future the company will erect another large warehouse on its property on the wharf. The Seaboard now has five warehouses here. The fact that the Seaboard is considering still further improvements of its terminal facilities here is evidence of the faith it has in the rapid development of Wilmington and increase of business through this port.

THE ASSOCIATED CHARITIES.

Report of the Treasurer for the Month of April, 1911.

Receipts—New Hanover county, $125; a friend, $2; a friend, $2; Mr. J. O. Strother, 25c; cash, $2; Mrs. W., $2; a friend, $5.

Disbursements—Secretary's salary $33.33; Catherine Kennedy Home, $12.50; groceries, $131.50; rent for those in need, $10; cash help, $2.50; wood, $26.50; telephone, $2.33; shoes, $1.50; postage, $1.20.

Funeral of Little Son.

The funeral of Robert C. Sloan, Jr., the little son of Mr. and Mrs. Robert C. Sloan, was held Sunday afternoon at 3 o'clock from the residence of Mr and Mrs. William H. Green, grandparents of the child, at No. 213 Orange street, in the presence of a large concourse of friends and relatives. The services were by Rev. W. H. Milton, D. D., rector of St. James' church, and Rev. J. H. Foster, D. D., pastor of the First Baptist church.

Mr. Arthur Spooner Returns.

Many friends of Mr. Arthur Spooner, who for the past year has held a position as traveling salesman for the Pepsi-Cola Co., in Georgia and Florida, will be glad to know that he has resigned that position and returned to Wilmington to live, having accepted a position with the Gerkin Tobacco Co., and will have charge of the soda fountain. He is clever and affable young man and is very popular with a wide circle of friends.

Extra Car Service Memorial Day.

As usual on Memorial Day, the Tidewater Power Co., will operate a car on 10th street, between Princess and Red Cross streets, for the benefit of those attending the exercises at the cemetery. This car will make the round trip between Princess and Red Cross streets every ten minutes from 10 A. M. until after the services are over. Passengers can transfer from the belt line and Carolina Place cars to this car.

Will Meet in Winston-Salem.

The 68th annual meeting of the Grand Lodge of Odd Fellows, which convenes in Winston-Salem this evening and continues in session for three days, will be largely attended by Odd Fellows from this section. Among those who will be present from Wilmington are Messrs W. H. Badon, of Cape Fear Lodge No. 2; D. Rountree, Orion, No. 67; J. F. Littleton, Wilmington, No. 139; John E. Wood, Hanover, No. 145.

Mine Planter Leaves Port.

The steaer General Ord, which has been spending several weeks at Fort Caswell, giving instructions in planting mines, left yesterday for New York, where she was ordered by the Department. The mine planter remained here until the loaded mines were planted and exploded and a good record was made in this practice by the company at Fort Caswell.

Infant Daughter Dead.

Pearl Reynolds, the two-months'-old daughter of Mr. and Mrs. Jesse Reynolds, died at the family residence, No. 1306 South Second street, late Sunday night, and the body taken yesterday morning to Town Creek, in Brunswick county, where the funeral and interment took place. The bereaved parents have the sympathy of a great many friends.

BANK TELLER ARRESTED.

Unsuccessful Business Deals Prove Undoing of Cleveland Man.

Cleveland, May 8.—For alleged speculations amounting to nearly $115,000 Julius W. Hopkins, paying teller of the First National Bank, was placed under arrest late today. It is stated that he has confessed. He was arrested on a warrant issued by U. S. District Attorney Day, which specifically charged him with the theft of $6,000 from the bank.

When arraigned before United States Commissioner Walther, the accused waived a preliminary hearing and was bound over to await action by the grand jury. Bond was fixed at $60,000.

Hopkins, it is asserted, claimed to have lost the money in unsuccessful business deals.

TO THE TRAVELING PUBLIC.

The Atlantic Coast Line operates double daily solid trains, with Pullman sleeping cars between Wilmington, Florence, Sumter and Columbia.

Sleeper leaving Wilmington 5:45 A. M. IS OPEN TO RECEIVE PASSENGERS AT AND AFTER 10:00 P. M., THE PREVIOUS NIGHT, and arrives Columbia at 12:55 Noon.

Sleeper leaving Wilmington 3:15 P. M., arrives Columbia 11:10 P. M. AND MAY BE OCCUPIED UNTIL 7:00 O'CLOCK THE FOLLOWING MORNING, but seat fares will be sold to Columbia for passengers who do not care to occupy berths until morning and will likewise be sold to passengers arriving Wilmington from Columbia at 11:50 P. M., which car may also be occupied until 7:00 A. M.

Trial of the Camorrists — Grand Theatre today. **

HOE ESTATE BEING SUED.

Nurse of Famous Press Builder Brings Action Involving $30,000.

New York, May 8.—The estate of the late Robert Hoe, whose library is being disposed of at sensational auction prices, is defendant in a suit brought by Margaret Johnson Johns, his former nurse and amanuensis, to establish her right to a bond and mortgage of $30,000, which she alleged was given her by the famous press builder and book collector.

In a long answer the executors of Mr. Hoe's will oppose the suit on the ground that the plaintiff obtained the document "by falsely and wickedly pretending to be enamored of Mr. Hoe."

By order of Justice Blanchard, in the Supreme Court today, an attorney for the estate was authorized to take the testimony of Lewis F. Brown, of Covington, Ky., who obtained a divorce from the plaintiff at the time of her employment by Mr. Hoe.

SELECTS OKLAHOMA CITY.

For General Conference of Methodist Church in May.

Raleigh, N. C., May 8.—The General Conference of the Methodist Episcopal Church, South, will be held in Oklahoma City, Okla., in May, 1914.

This selection was announced here tonight by Joseph G. Brown, a member of the sub-committee on place of meeting, which has just visited Atlanta, New Orleans, San Antonio and Oklahoma City. The vote by which Oklahoma City was selected was unanimous.

Trial of the Camorrists — Grand Theatre today. **

ROBESON ELECTION OFF.

Farm-Life School Proposition Later. Runaway Accident—Notes.

(Special Star Telegram.)

Lumberton, N. C., May 8.—The Farm-Life School election which was called for tomorrow was today called off. It was a foregone conclusion that it would be defeated and the promoters decided to call it off and wait until the people are more thoroughly posted on the proposition. Whatever the cost has been will be borne by the promoters.

At a meeting of the County Board of Health today, Dr. W. A. McPhaul was elected county superintendent of health.

Mr. H. O'Bryan, cashier for the Seaboard, went to visit relatives at Garner yesterday and while out driving the horse ran away injuring Mr. Bryan so that he was not able to return this morning. The extent of his injuries have not been ascertained here.

OBJECT TO RECIPROCITY.

Farmers from Canadian Border States Make a Protest.

Washington, May 8.—Farmers from the Canadian border States, supported by farmers from States farther removed from the international boundary made their protest today to the Senate Finance Committee against the Canadian reciprocity bill. They were preceded by a delegation of book paper, who likewise objected to the bill. Representatives of the farmers from Illinois, New Hampshire, New York, Missouri, West Virginia and Michigan addressed the committee. Others will appear tomorrow.

Do Your Cooking in the Cool

A hot kitchen is little better than a prison in summer. But the range is there, so all the cooking and the washing must be done there, too.

What a relief it would be to move the range where you pleased. You can do this with a New Perfection Oil Cook-stove—cook your dinner out on the porch, if you like. It is the only range that is really portable—that works equally well in any place. There are no connections to be made, as in a gas range; no wiring, as with an electric stove; no sooty flues and ash-filled grates, as with coal or wood.

The long, enameled chimneys carry the heat directly up to saucepans, oven or boiler; you get full value from your fuel, without waste.

New Perfection WICK BLUE FLAME Oil Cook-stove

Made with 1, 2 and 3 burners, with long, turquoise blue enameled chimneys. Handsomely finished throughout. The 2- and 3-burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc.

Dealers everywhere; or write for descriptive circular to the nearest agency of the
Standard Oil Company

JAMES SPRUNT INSTITUTE.

Scholarly Address by Dr. Wells—Past Year at the School.

(Special Star Correspondence.)

Kenansville, N. C., May 8.—The crowning feature of the Commencement exercises of James Sprunt Institute this year was the address of Dr. J. M. Wells, a most loyal and helpful friend of the institution for the girls of Wilmington Presbytery. This is the third address he has delivered to the different graduating classes, and in none has he more delighted his audience than with his recent subject, "Robert Burns."

Fresh from the Scotia country where last Summer he journeyed, Dr. Wells brought at first hand reminiscences which caught the fancy of his hearers and in vivid description lifted them up to the vast rocky approaches of Scotland so bleak and barren—and yet so full of charm and meaning to the readers of history. For with the exception of Greece, this little country has contributed to the world more great men, in proportion to its size, than any nation on the globe.

Beginning with William Wallace and Robert Bruce, the speaker depicted its glory and culminating in the inspired bards—Walter Scott and Robert Burns. It was Burns who made the Highlands resound with the beating of a great nature loving heart. He it was who revealed the man's heart behind the plow—its big, warm pulsations, glowing with appreciation of the wee sma' things of God's creation. No atheist he, this author of the "Cotter's Saturday Night"—despite the ravages of drink.

Burns it is who has immortalized the human retreats among the bracken braes of auld Scotia—her Bonnie Doons, her Glen Aftons and Haunted Kirks. These spots it had been the speaker's privilege to visit, and with kindling imagination his listeners followed him back to the home of Burns, with its low thatched roof and floorless rooms—all evidencing the direst poverty. From such conditions rose the peasant poet, the Scotch bard of democracy, of universal love and brotherhood.

"The honest man, though e'er so poor,
Is king o' men for a' that."

With this closing thought Dr. Wells made a noble appeal to the student body to stand up for worth, merit and character—things beyond the "guinea's stamp."

After this came the presentation of diplomas by President Winecoff. His remarks were full of feeling and teemed with heart interest in the work entrusted to him, and the ideals for which it stands. He pictured rural homes where James Sprunt influence was wielding strong power and its girls promoting church work wherever they might be found. A wave of cheering response followed the announcement that twice the number of applications of this time of year had been received. Also of the fact that it so happens that every single girl had led the before-breakfast-prayer circles during the school term, a work entirely of their own volition.

Mr. Winecoff emphasized the continued need of church schools. The public schools will educate, it is true, but are the denominations for this reason to relinquish a hold on their most potent agency for spreading and advancing the Church interests? The cause was forcibly put and everyone departed impressed with the noble standards of the institution and its purpose of reaching out for the neglected girl. EUPHEMIA.

BIG COLONIZATION SCHEME.

Western Farmers at Columbus—C. C. & O. and Seaboard—Notes.

(Special Star Correspondence.)

Whiteville, N. C., May 6.—Recorder of Deeds Smith has received another large batch of papers from the Dixie Land Company, of Minneapolis, Minn., to record. The company now owns something like 15,000 acres of land near Clarendon, in this county, and early in the Fall the work of clearing, draining and improving the same will begin. It is understood that the company will import a small army of laboroers to do the work. It is their design to build a modern and up-to-date agricultural village, with public hall, library, park, church, school and all modern innovations. They also contemplate starting several manufacturing enterprises. Most of the colonists will come from the Middle West, but any one can buy one of the little farms. It is also reported that the homes will all be lighted by electricity. It will be the most up-to-date farm settlement in the South, and do much towards the upbuilding of the county. Most of their land is now an uncleared wilderness, but it will be opened up and cut into ten and twenty-acre farms. It is designed to devote especial attention to truck and fruit. This is fine farming land, elevated and in a healthy locality.

Mr. R. E. L. Brown, who has been spending several months at Hendersonville, N. C., for the benefit of his health, has so far recovered as to be able to return home in June. His handsome new residence at Chadbourn will be completed by that time.

The cold weather is injurious to crops and especially cotton. It is too dry for the seed to sprout and cotton that is up must be replanted as it was killed badly. Unless we have a rain soon strawberries will dry up on the vine and the young fruit cannot mature. Berries are ripening very fast now, and farmers complain of scarcity of labor to gather them.

The consolidation of the C., C. & O., and Seaboard railways mean much for Wilmington, as it gives your city another and independent outlet to the West. The C., C. & O., embraces the Harriman system of roads, and this consolidation means that much of the business, even far beyond the Mississippi, will pass through Wilmington. I do not think your people fully realize the great things that consolidation means for Wilmington. It will admit millions to its imports and exports and make of your city the leading seaport shipping point on the South Atlantic. It will be remembered that over two years ago Editor Gantt, of the News-Reporter, predicted that the two systems would unite and be operated under one management and the knowledge of this fact induced him to locate in this section. Your people had as well begin to prepare for the biggest kind of a boom.

Freshly charged Prestolite gas tanks always on hand at The Gibbes Machinery Co., 111 Chesnut street. 4t

NEW GOLDSBORO TRAIN.

Arrangements Being Made to Continue Norfolk Shoo-Fly.

(Special Star Correspondence.)

Rocky Mount, N. C., May 8.—From the office of the Superintendent of Transportation in this city there will be issued within the next few days a new schedule and time table that is made imperative by the operation of the new Goldsboro and Wilmington trains, which is done in compliance with the ruling of the State Commission. The trains that will be continued for the additional passenger service between Goldsboro and Wilmington will be exactly in accordance with the recommendation from the Commission and train No. 91 from Norfolk, that arrives here at 8:20 at night and at Goldsboro at 10 o'clock, will be continued on to Wilmington after the 15th of the present month, arriving there at 1 o'clock. Returning northbound, this train will leave Wilmington at 4 in the morning and will arrive at Goldsboro in time to make the short stop there and to start upon the present schedule between Goldsboro and Norfolk. This train in the morning will arrive at exactly the same time in this city as during years past. The operating of this train through to and from Wilmington daily, except Sunday, though arriving at Wilmington at 1 o'clock, makes it daily except Monday, with the seaport city, that is so far as its arrival will be noted with interest by many in this city who are anticipating its being put on with a view to the several advantages and conveniences that it will mean to this city.

The other change with the putting on of the new schedule on the 15th, will be the taking off of trains Nos. 78 and 79 between Fayetteville and Charleston and a causing of trains Nos. 83 and 86 to do the local work that has before been cared for by them. Nos. 83 and 86 are through trains between Florida and New York, but with the close of the tourist season it has this year as during the dull season the previous year, been thought best to take off these local trains named and to cause these through trains to do the local work between these points.

MRS. DURHAM LEWIS.

Estimable Robeson County Lady Passed Away Saturday—Notes.

(Special Star Correspondence.)

Lumberton, N. C., May 8.—Mrs. Durham Lewis, residing five miles from town, died Saturday evening at 6:15 o'clock. The funeral was conducted at the home at 2 o'clock yesterday by Rev. E. M. Hoyle, pastor of the Methodist Church, and the remains were laid to rest in the Norment cemetery at 5 o'clock. Mrs. Lewis was about 70 years old and a most excellent Christian lady, held in the highest esteem by all who knew her. She had been critically ill for some time and her death was no surprise, though a great shock to family and friends.

Mr. W. S. Merritt, of Clarkton, and Miss Sarah Norton, of this county, were married in the Court House here this morning at 9 o'clock, Rev. E. M. Hoyle, pastor of the Methodist church, officiating. The happy couple left on the 9:50 train for Clarkton.

Miss Ruth Whaley, of this place, and Miss Augusta Williams, of the Red Springs faculty, went to Wilmington this morning to spend the day shopping. Miss Williams has been spending several days here with friends.

Rev. E. M. Hoyle and two children, left this morning for Elizabethtown to visit Mr. Hoyle's parents.

SLEEPLESSNESS.

Its Cause and Remedy.

Do you know what it is to lie awake nights, fidgety, restless, tossing about, counting 100 backwards, or sheep jumping over a fence, all in a vain endeavor to lose yourself in slumberland and get the rest which you so much need.

No one, unless they have been troubled with insomnia, can begin to realize its horrors and how wearing it is. In nine cases out of ten it is simply a case of overworked nerves or derangement of the digestive system. Thousands of such cases are being cured by Vinol. As proof we quote from a letter recently received from Marion, Ind.

"I could not sleep nights, was run-down, nervous, had no appetite and was all discouraged. Vinol made me well after all other remedies had failed. I sleep splendidly, and have gained in strength." Mrs. L. E. Heinlein. (We guarantee this testimonial to be genuine.)

We ask every person who suffers from sleeplessness or who is nervous or run-down to try a bottle of Vinol with the understanding that their money will be returned if it does not help them. Vinol contains no drugs or oil, and agrees with everyone. Robt. R. Bellamy, Druggist, Wilmington, N. C.

Washington, May 8.—Governor Wilson, of Kentucky, is coming to Washington next week to play golf with President Taft. The President challenged the governor some time ago and today he received the acceptance from Kentucky. The match will probably be played on the Chevy Chase links, May 20th.

THE FATNESS OF HEALTH.

Samose Fills Out the Curves and Makes Thin People Fat.

If you are thin, your health is not what it should be. If you are losing weight steadily, there is something wrong that should be attended to at once. You cannot be healthy and strong if you are thin.

Perfect health and good, solid beautiful flesh can only come through the use of Samose, the remarkable flesh-forming food.

This makes the thin and scrawny, plump and robust; it mixes with the food so that all of the elements that make solid bone, firm muscle and good flesh are thoroughly assimilated and retained in the system.

Samose is not a drug or a stimulant; it is a scientific flesh forming food that restores thin people to a normal condition of good healthy flesh.

These statements are confirmed by J. Hicks Bunting Drug Co., who offer to refund the money to anyone buying and using Samose who does not gain in weight as promised. The risk is all their's. The thin and scrawney can buy Samose at Druggist J. Hicks Bunting's store, with the knowledge that if it is not successful it will cost absolutely nothing.

GRAND LOGE I. O. O. F.

Gathering at Winston-Salem From All Parts of the State.

(By Henry Arnold Dennis.)

Winston-Salem, May 8.—Representatives from the I. O. O. F. lodges in every section of the State are gathering here tonight and hundreds are expected tomorrow for the meeting of the 68th annual session of the Grand Lodge which will convene in this city tomorrow afternoon.

Grand Secretary B. H. Woodell, of Raleigh, and most of the other prominent men of the order are already here and are getting everything in shape for the first session. A class of some 20 children from the I. O. O. F. Orphan Home at Goldsboro, will arrive tomorrow afternoon and will be guests of the local lodges during the meeting. They are scheduled to give an entertainment before the delegates and the public in general at the meeting tomorrow night when the visitors will be welcomed to the city by the Odd Fellows and others.

The various committees have their work well in hand, and it has been planned to present in a systematic way, all the matters of importance that are to come up for attention. The greatest questions concerning the order will command attention and consideration during the convention, and no one can tell just what the session may bring forth.

DEBATE AT TRINITY.

Commission Form of Government Is Discussed by Literary Societies.

(Special Star Correspondence.)

Trinity College, Durham, N. C., May 7.—The annual inter-society debate between the Columbian and Hesperian Literary Societies of Trinity College, was held Saturday night in Craven Memorial Hall. The judges decided two to one in favor of the Hesperians, who were defending the negative.

Prof. E. C. Brooks, of the Department of Education, presided, and A. W. Horton, of the Trinity Law School, was timekeeper. The question was, "Resolved, That North Carolina towns with a population of 5,000 or more should adopt the commission form of government." The Columbians, upholding the affirmative, were represented by Messrs. R. M. Patterson and J. R. Davis; the Hesperians, defending the negative, were represented by Messrs. W. G. Sheppard and Quinton Holton. The judges were Messrs. Y. E. Smith and F. L. Fuller, and Rev. Thomas L. Trott, of all this city.

After the debate each society gave an informal banquet to its debaters, and the hour for breaking up was near mid-night.

NORTHEAST RIVER BRIDGE.

Mr. Tinga Points Out an Omission in Article on Subject Sunday.

Castle Haynes, May 8th, 1911.

Editor Morning Star, Wilmington, N. C.

Dear Sir:—As interested in your article about the Northeast river bridge in your Sunday paper of May 7th, I beg to ask you to make the following correction:

We think that Wilmington ought to draw some trade from the north side of Northeast river. That the land west of the railroad in Pender county is more suitable for development "because it is of better quality. That it is not advisable to make a road through swamp east of railroad, first," because it will be too expensive to raise it about four feet and second because it is too hard to keep it in good fix on account of swamp bottom and the water by wet weather and by high tide eating sand road away. Of this sentence you omitted words quoted, which gives it a wrong meaning.

Yaurs very truly,

E. I. TINGA.

Washington, May 8.—A monument to the memory of Pocahontas, the Indian maid of early Virginia history, is provided for in a bill introduced today by Senator Martin of that State. The bill provides that the tribute to the guardian angel of the early whites and later the wife of Capt. John Smith, should be erected at Jamestown, Va.

Trial of the Camorrists — Grand Theatre today.

If Your Head Aches

You should Take the Sure Remedy

Hicks' CAPUDINE

There's a cause for every headache—**Capudine** reaches that cause quickly, whether it be heat, cold, gripp, or stomach troubles—and cures, even though it be sick or nervous headache.

Capudine is the surest remedy for Colds and Gripp. Feverishness, Aches and Nervousness disappear and normal conditions are restored.

Capudine is liquid—easy and pleasant to take—acts immediately.

S.S.S. NATURE'S TONIC

The need of a tonic in the Spring is almost universally recognized. Bodily fatigue, fickle appetite, poor digestion, nervousness, lack of energy, etc., prove that the proper amount of nourishment is not being supplied to the body through the circulation. The stomach, bowels, and digestive members are sluggish from lack of stimulating nutrition, and in consequence the entire body suffers from the effects of a poorly nourished constitution. The use of a real blood-purifying tonic when the system is deranged from lack of nourishment, will often prevent the development of some serious sickness, because weak systems cannot resist disease, while healthy, well nourished constitutions are able to ward it off. No medicine is of value as a tonic except one which purifies and enriches the blood, for until this is done the body will not receive its required stimulus and disease-resisting powers. S. S. S. is the best Spring tonic because of its genuine ability and worth as a blood purifier. It builds up the depleted system in the true way, by purifying the blood and supplying an increased amount of nourishment to every portion of the body. S. S. S. removes all impurities from the circulation, and overcomes the unpleasant physical ailments of Spring. S. S. S. is for sale at drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

DAVID'S

MEN of all kinds, of all sizes, of all ages, come to us for clothes, and get just what they want. Men who can afford to pay any price they please; men who have to study economy; bankers, merchants, clerks, workingmen; they all find here the kind of clothes that are best worth buying.

Hart, Schaffner & Marx

clothes are made for men who want real value; there's economy in them; the kind of economy that means saving in what you get, more than in what you pay; the economy of service, style, good fit, of being well dressed; the real economy. These clothes cost just enough to be good; you'll be surprised at how little they cost, compared with how good they are.

Let us show you the new suits; some very smart styles; some beautiful new weaves and colorings.

Suits, $18 and up.

Suits made to order, $18.00 and up; workmanship and fit guaranteed.

The Best Shirts in the World (Manhattan and Eclipse) $1.00 to $3.50. Neckwear, Underwear, Etc., equally high-class.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Tuesday, May 9, 1911.

life is one escapade right after another.

Col. Bryan has been asked to name his choice for President. Bryan is no nominating convention, and besides if he were to name his choice it might look too egotistic.

The railroads allow stop-over privileges in the West. Why not in the South? It helps the West. It would help the South. It would increase travel and benefit the railroads.

Probably Mr. Carnegie should be awarded one of his own hero medals for his hopeless fight against great odds in his efforts to die poor. Millions of us will die poor without trying.

An exchange says: "Woodrow Wilson was born in Virginia." That ought to be in his favor, but for a half century the fact that he was the son of the Mother of Presidents would have been used against him.

Why should a candidate waste his time and spend thousands of dollars on a chance to get elected when he can invest his money in a sure thing? Men who have to spend money want the office more than the office needs them.

Governor Woodrow Wilson, of New Jersey, who is speaking out West, said in one of his speeches: "A new political era is about to dawn." Several of them are trying to dawn, but Wilson seems to be out-dawning the others at this time.

A Baltimore pastor, in 24 years, performed the marriage ceremony for 1,417 couples. At the same time the pastor has never been married himself. He will have a great deal to answer for, and probably decided to take his punishment by himself.

A New Jersey paper says: "Job Brown Tillou, who chewed tobacco 85 years and who ate pie twice a day for 89 years, died at South Orange a few days ago at the age of 96 years." That is a little confusing since it is not stated whether it was tobacco or pie that finally got in its work.

Wilmington has been talking bridge over the Northeast river at Castle Haynes long enough to build five bridges. Why is that bridge not built while the people of New Hanover and Pender counties are anxious to have the two counties connected? For some reason or other, development in both counties is held in abeyance.

Atlanta is crying for more hotels. The Chamber of Commerce of the Georgia capital has begun a campaign for two big hotels. The Atlanta Constitution says: "A million dollar hotel built upon modern lines is a need in Atlanta and will be a splendid investment." The million dollar idea is taking possession of the South. The day of 30 cents has passed.

The rule of the square deal has been violated when such an artistic manipulator as the Raleigh Evening Times aids the Charlotte Evening Chronicle in its efforts to win the Wade Harris mendacity medal of the State Press Association. The Times went to some length in bolstering up that Charlotte story that a brood of chickens abandoned by the mother hen were adopted by a cat which is raising them with her kittens, all constituting a happy family. If any Charlotte cat is doing such a thing as that it simply shows that a cat has enough sense to let the chickens grow before she gets busy as the ultimate consumer.

TAKE A LOOK AT THE SOUTH.

What the people of the South want is for travelers to come and take a look at it and stop over on their tickets and look around. They can then see what the South is, what the South is doing and what the South can do. They will have an opportunity of seeing what they can do in the South. At any rate, they can verify at sight what they have heard about the South.

More people could see more of the South if the railroads would allow stop-overs on tickets sold from point to point. The Western roads have long done that for the West, and Southern roads ought to do it for the South. It helped to build up the West and the building up of the West helped the railroads. A similar result will be sure to follow in the South. If not, why not?

Concerning the stop-over need of the South, the New Orleans Progressive Union and the Atlanta Chamber of Commerce have both taken earnest action. A few days ago the New Orleans body met and issued a call for al Southern commercial bodies and for all railroad executives to meet in New Orleans in August to consider this important question of stop-over privileges for travelers throughout the South. A New Orleans dispatch referring to the resolution adopted by the Progressive Union says:

"In the resolutions adopted the fact is noted that the wonderful development in the West is largely due to the almost unlimited stop-over privileges granted by the transcontinental railroads and it was declared that these privileges are withheld from the South without reason. If the South is placed on an equality with the West and East in the matter of stop-overs, the belief is expressed that a large per cent. of the trancontinental travel which now passes through the northern gateways will be diverted to Southern railway lines, and will have a great educational effect in directing the attention of the nation to the undeveloped resources and possibilities of the South."

This movement is one of great importance and Wilmington should get in touch with it. The Atlanta Constitution claims that the Atlanta Chamber of Commerce started it and says:

"On two counts, The Constitution has reasoned long and vigorously with the great Southern railroads:

"1. Need of publicity for the South approximate to the publicity given the West by the Western railroads.

2. The twin need of liberal stop-over privileges on passenger transportation, that casual visitors might have an opportunity to check what they had heard of the South with first-hand evidence.

"The first battle has been partially won. At a recent conference in Washington, the great Southern carriers agreed upon a vast and co-operative plan of publicity.

"The second point—that involving stop-overs—is no further advanced than at the beginning.

"It is as important an item in the programme for Southern development as nation-wide publicity.

"Lack of stop-over privileges constitute a rampart against Southern development."

That is all well taken. The railroad managements at their Washington conference decided to give systematic publicity to the South, and as a matter of fact most of the roads are already doing it. The Atlanta Coast Line, with headquarters at Wilmington, already has done some effective work along that line and is more active than ever in attracting attention to the varied resources of its extensive territory. Now that the roads have determined upon publicity, it naturally follows that stop-overs will follow publicity. Indeed, it is the only way to verify the publicity that is to be given.

Travelers cannot take a proper view of any country from a car window. The only way for them to see an advertised locality is to stop-over and see it. If he be a capitalist or a homeseeker, it is the same, and unless the railroads follow up publicity by letting travelers stop-over to see the country, they will lose a fine opportunity to make their publicity count for something.

In the West a traveler can stop-over at the smallest station, take a look around the country, catch another train, and continue to stop-over and catch trains to the end of his journey. He does this on the same ticket, but that cannot be done in the South. The railroads which mean business in giving publicity to the South, should see that the stop-over privilege is inaugurated just as soon as possible. It will help the South and it will help the railroads.

PATRONIZE HOME INDUSTRIES.

Not only should the people of Wilmington, but the merchants of Wilmington, patronize their home industries in every possible way. The Star is a staunch believer in buying merchandise in Wilmington instead of sending away for goods that can be bought in a Wilmington store. The merchants agree with this proposition and now we want our merchants to agree with the Star on the proposition that no merchant should order from another city what he can purchase from a home manufacturer.

When we come to think of it, there are a lot of things manufactured in Wilmington and a great many more products would be turned out in home factories if our people would but patronize home manufacturers in preference to all others. It doesn't make any difference what it is, buy it in Wilmington if it is made in Wilmington. Perhaps, if it is not made in Wilmington, you can get it made here if you try very hard. Our local manufacturers would turn out more products if what they make are bought at home. Increased output in our manufactories means a growth of local industries and one thing will lead to another.

There is no use of specifying the manufactured articles that should be purchased in Wilmington, but for one thing, it can be asserted that not a door, sash or blind used in the numerous buildings being erected in this city should come from any other city. Our factories make better ones at home and our jobbers who keep such merchandise in stock should keep Wilmington-made goods with the Wilmington brand on them. Our people should quit buying the puny, half-made blinds that are sold in large quantities around Wilmington. One blind made in Wilmington is worth three of the flimsy kind being used in many Wilmington buildings. Our manufacturers don't advertise much, and people at home hardly know what is made in Wilmington, but when Wilmington people find out what is manufactured in Wilmington they should raise a row if anybody tries to palm anything else on them.

A Northern man who became much interested in Wilmington a couple of years ago is now interested in a manufacturing establishment in a live town in the piedmont section of South Carolina. He states that although his line of factory products could have been purchased elsewhere, the merchants of the town are a unit in handling the products of his factory. One merchant alone in nine months has given his factory orders amounting to $105,000. The business men of that town did not intend that their new factory should take care of itself but they went to work to make it a success. At the same time they are making a profit on its products instead of the products of a factory away from home. Those are the kind of people who get industries and build up industries.

The manufacturer who told this about that South Carolina town, thinks it is one of the finest places he ever saw. Naturally he likes the people and their spirit, for, in a large measure, they are his partners. Even the people in the country buy the product made in their home town, and if you want to know how it is that the piedmont section of the Carolinas is making such wonderful progress, you have the secret in the fact that they get factories and help them forward to success.

Tell us the day when we will do that in Wilmington and we will show you a city that is going to do something. We have to get educated up to the point that the capitalists put up the factories and we help to make the factories a success.

If it is made in Wilmington buy it in Wilmington. If it is not made in Wilmington try to get somebody to make it in Wilmington.

NO SECRET SESSIONS.

While all will admit that in the organization of the new city government there will necessarily have to be a number of conferences, or caucuses, if you please, there has thus far, we believe, been a disposition on the part of some members of the newly elected city council to confine their deliberations rather too much to secret sessions, which is so contrary to the spirit and letter of the commission plan of government generally that we venture to express the hope that the councilmen will think well upon this subject and give the public a little more thorough insight into what they are doing and what they propose to do to rehabilitate the city of Wilmington. One of the fundamental principles of commission government is the placing of the people's affairs in the people's hands, through their councilmen, and we should like to see this policy prevail in the future deliberations of the council in whom we have the utmost confidence and to whom we propose to extend our heartiest co-operation and support. It is no time now for the fighting out of factional differences behind closed doors. We would like to see everything open and above board and we believe that upon second thought Mayor Smith and the conservative, capable business men associated with him, will agree with us in this view of the case. However, we wish it distinctly understood that we shall not in the least attempt to handicap or retard the council in its work; it has a grave responsibility resting upon it. We believe that the members of council appreciate this responsibility and will meet it. In the meantime, Mr. Councilmen, take the people into your confidence; there is nothing to be lost and much to be gained.

CANADA TO EXCLUDE NEGROES.

Canada, it seems, will be moved to take some steps to prevent any considerable immigration of negroes into the rapidly developing provinces of the western portion of the Dominion. Pressure is being brought upon the Dominion government to stop negro immigration, but the main difficulty in the way is that the negroes are American citizens and have to be excluded on some other ground than that of color.

Already, however, the Canadians are giving another reason and that is that as a race they are unable to adapt themselves to the severity of the Canadian climate. A Dominion law provides that the Governor General, whenever he sees fit, may prohibit for a stated period or permanently, the landing in Canada of immigrants of any race unsuited to the climate or the requirements of the country, "or the immigrants of any specified class, occupation or character." It is urged, therefore, as no discriminations are enforced against American immigrants because they are Americans, Canada is well within her rights in deciding that negroes are not suited to the climate. Of course, that is a pretext, but the Canadians seem to be fortified by law.

Pressure is being brought on the Dominion government from the vast farming country of Alberta and Saskatchewan, where colonization of negroes from our Western States has made considerable progress. The increase of the negro immigrants is alarming the Canadians and depressing land values, so the movement to stop the influx of blacks is becoming quite an issue.

A number of papers have fallen out with Col. Bryan because he attempts to dictate to the Democratic party. Col. Bryan is found to be always in hot water if he interferes with the dictatorial prerogatives of the newspapers. The difference between Col. Bryan and the newspapers is that he attempts to control the party by inducing it to adopt his ideas, while the newspapers seek to control it by editorial ideas different from those of Col. Bryan. It seems to be a conflict of ideas.

CURRENT COMMENT.

The Massachusetts Senate has defeated by one vote the resolution of the lower House ratifying the Federal income tax amendment. Both branches defeated a similar resolution last year. Only 29 States have ratified the amendment, and there is little prospect of its securing the necessary 35 votes this year. If ratification is finally accomplished it may be only through the votes of Arizona and New Mexico, but not yet definitely admitted into the Union.—New York Tribune.

Selma Bolaton, a Russian girl, who landed in this country four years ago ignorant of English and without any education, has established a remarkable record in the public schools of Sharon, Pa. In that time she has passed through all the grades in the schools that ordinarily require 12 years' work. She will be graduated from the High School this Spring at the head of her class. In 35 months of actual study she has accomplished what usually requires 108 months. She was 14 years old when she came to America. Her parents sent her to school at once, and she began to struggle with English. She improved quickly and her teachers found her so apt she was hurried from grade to grade.—Philadelphia Press.

It seems that the time-honored conception of a Constitution is disappearing in some of the States. It used to be the popular belief that a Constitution should be simple and short, dealing only with principles and fundamental truths of government. However, the tendency in some of the States is just the other way. In October the people of California will have to vote on 23 amendments to their Constitution proposed by the last Legislature. The prospect is that the number of propositions laid before the people as amendments to the Constitution will not grow less in the future or show any decrease in comparative importance. It would seem that in these States the Constitutions and the statute books are being mistaken for each other.—Richmond Dispatch.

Frank A. Day is a leading Democrat of Minnesota. James A. Tawney is a leading Republican of the same State, although he was defeated for Congress in the last campaign. For some years Mr. Day and Mr. Tawney have been sharp political opponents. Whatever Day favored Tawney opposed, and vice versa. Between them it was fight all the time. Mr. Tawney has a son, a handsome, manly young chap not long out of college and just beginning to make his way in the world. Mr. Day has a daughter, beautiful and accomplished, just out of college and as sweet as they grow in the West. Has the reader not already guessed what's coming? Surely! Young Mr. Tawney and young Miss Day do not care three straws for the political differences of their fathers, and so they are going to be married in July.—Savannah News.

ALASKA TOWN FLOODED.

Inundated 250 Houses at Fairbanks. Most Destructive in History.

Fairbanks, Alaska, May 8.—An ice jam broke today in the Panana river above Fort Banks and released a great volume of water and ice that rushed down on Fairbanks, causing the most destructive floor in the history of the city.

Two hundred and fifty houses were inundated, wharves along the water front were wrecked, and masses of ice 15 feet thick were scattered along the principal streets. The flood soon began to recede, and all danger is passed.

HARROWING EXPERIENCE

A True Report of the Case of Mrs. Nora Ortego, Who Was Finally Relieved by the Use of Cardui

Orange, Texas.—"I used to suffer every month," writes Mrs. Nora Ortego, formrerly of Redlich, La., but lately moved to Orange, Texas.

"After all else had failed, I took Cardui, and now I have no more pain and feel good all the time.

"Cardui relieved me and is worth its weight in gold to any suffering woman."

If Mrs. Ortego could herself tell you her tale, it would surely harrow your feelings to hear it. But in cold, black type, it does not look nearly so bad as it really was.

Think, but a minute, what such suffering, every month, must mean to a delicate lady—must mean to you, if you are one of the unfortunates thus afflicted.

Who would not willingly pay its weight in gold, for a blessed medicine to drive this suffering away and bring balmy relief to the quivering, aching nerves!

Yet such a price is not asked for this popular medicine—Cardui. It is its very popularity that enables it to be sold at a price within the reach of all. Its popularity is due to its success and its success is proof that it will help you, even as it has helped thousands of others. Try Cardui.

SMASHED WINDOW, THEN RAN

Large Plate Glass Front of Bissinger's Jewelry Store Demolished With Brick Yesterday in Broad Daylight—Motive

Either bent on robbery and attracted by a glittering array of diamonds and other jewelry on display there, or actuated by some other motive that is as yet unexplained, an unknown person, evidently with a supreme confidence in his ability to make a big haul and a quick get-away, yesterday morning about 9 o'clock, in broad daylight and when the streets were crowded with people, hurled a brick through the large plate glass window of Bissinger's jewelry store, in the Masonic Temple building, breaking a large hole through both the front and rear glasses.

Evidently the missile went wide of its mark and having failed to break the window low enough to permit a hasty grab and get-away, the vandal disappeared down the street and has not been seen or heard of since. Half a dozen employes and perhaps as many more customers were in the store at the time and probably half a dozen people witnessed the act from the street, but no one knew the person who hurled the brick and was able to give but a meagre description of the vandal, other than that he was either a light mulatto or dark-skinned foreigner of low stature and wearing light trousers and a cap. Mr. Bissinger and others ran out of the store and a crowd quickly collected, but everybody was at sea as to the identity of the would-be thief and could vouchsafe no other motive cor the deed than robbery. Policemen C. S. Burnett and Leon George were one block away and hastily followed up every clue as to the identity of the glass smasher, making two arrests, but the prisoner in neither instance was identified by those who saw the brick hurled. The would-be thief stood on the curb of the sidewalk, not ten feet away from the window, and the brick used was one picked up in the gutter near the entrance to the Masonic Temple. It was one of the boldest and most daring attempts at robbery reported in this city in a long time.

The damage in the breaking of the window is about $75, fully covered by insurance for the Masonic Temple Corporation, with Mr. A. S. Holden, agent. Mr. Bissinger, had several thousand dollars worth of diamonds and jewelry in the window and Dr. Vineberg had several trays of gold spectacles on display, but they were fortunate in losing nothing through the poor marksmanship of the thief. The police are still at work on the case but have little clue to the would-be thief. Mr. Bissinger is a member of the Jewelers' Alliance, with headquarters in New York, and this protective association has a standing reward of $100 for the arrest and conviction of such thieves, who operate quite extensively at times in the larger cities.

ACCIDENT TO STEAMER.

Wilmington Lost Her Wheel Near Carolina Beach Pier Yesterday.

The steamer Wilmington lost her wheel yesterday morning near the Carolina Beach pier and was docked there to receive repairs. The steamer left here at 10 o'clock on the regular morning trip to Southport and the accident placed her out of commission. Another wheel was sent down to her soon after a telephone message was received from Carolina Beach and it is probable she will make the regular trips today.

For several days the Wilmington has been making the trips for the steamer Madeleine, the market boat of Fort Caswell, which has been on the railway at Georgetown, S. C., receiving an overhauling. The steamer Gen. G. W. Getty, of the Quartermaster's Department, is also on the railway at Charleston, S. C., and there were none of the regular river boats available to make the trips. The fishing steamer Nellie B. Dey, owned by the Ocean Fisheries, made the late trip to Fort Caswell yesterday afternoon.

WAGONETTES FOR U. D. C.

Accommodations for All Who Will Assist With Laurel Wreathes Today

The Star is requested to announce that from 9:30 o'clock this morning until between the hours of 12 and 2 o'clock this afternoon a wagonette will be operated upon as fast a schedule as possible to and from the Wilmington Light Infantry Armory for the benefit of members of the Daughters of the Confederacy who will go to Oakdale Cemetery today for the purpose of assisting with the making of the laurel wreathes to be placed on the graves of the old soldiers for Memorial Day. The same wagonette will be operated in the afternoon from between 2:30 and 5 o'clock until about time for all to be back to the city from their duties at the cemetery. There are about 400 of these laurel wreathes to be made and as the committee has arranged to make the duty as easy as possible for all who will assist, it is earnestly desired that all the Daughters attend.

Do Ghosts Haunt Swamps?

No, never. It's foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only, 50c at R. R. Bellamy's.

TWO SESSIONS OF COUNCIL

Herbert McClammy Re-elected City Attorney and Geo. L. Peschau Named Assistant—N. J. Williams Special Officer.

Although in session for a total of about five hours yesterday, three in the morning and two in the afternoon, the city council made but little progress toward organization of the length. It appears from reports on various departments under the new form of city government, the election of Herbert McClammy, Esq., as city attorney, with Geo. L. Peschau, Esq., as assistant; Mr. R. C. Cantwell superintendent of the waterworks with Mr. J. D. Mote as assistant, and the creation of a new office, that of special officer, and the election of Former Chief of Police N. J. Williams for the position, constituting the work of the day.

Council will meet again this morning at 10 o'clock, when other matters will be taken up and considered at length. It appears from reports on the streets that the Council is not quite as harmonious as some would have the general public believe, but it is not thought that there have occurred any serious clashes between members of the Council. There has already been much criticism of the Council for holding meetings at the City Hall behind closed doors. This criticism is not confined to any particular class of citizens, but seems to be pretty general. However, it is understood from a member of the Council that just as soon as the new government has been started off, within a few days at most, the meetings will be open to the public, but that for the present it is better for all concerned that the Councilmen meet together privately and quietly and thrash out the various matters which must be settled by them.

The election of the city attorney and assistant city attorney required practically all of the three hours of the morning session. Mr. McClammy, who was named as city attorney, has held this position for the past two years. He was on a fee basis, but now he is to receive a straight salary of $2,000 a year, and he will be required to advise the Council and the several departments on all legal questions and to appear in all suits in which the city is involved both in Superior and Supreme Court, and is not to represent defendants in any criminal matters. The assistant attorney is to prosecute all offenses before the coroner, Recorder and Supreme court, advise the department of Safety, and assist the city attorney in the actual trial of civil cases before a jury and receive a salary of $1,200.

Following a two and a half hour conference behind closed doors at which not even the City Clerk and Treasurer was admitted, the Council held its first regular meeting yesterday at noon, convening at 12:25 o'clock with Mayor Smith presiding and all other Councilmen in attendance; also Capt. Thos. D. Meares, city clerk and treasurer, and representatives of the press and one or two spectators. After the minutes of the first special meeting, held Saturday afternoon, were read and approved, the officers elected Saturday afternoon were confirmed upon motion of Councilman Perdew, seconded by Councilman B. C. Moore, some question having arisen as to whether the elections made Saturday would be legal without being ratified at the first regular meeting as provided for in the act creating the commission.

The most important matter before the meeting was the election of a city attorney and assistant city attorney. This was the principal matter considered at the caucus. Early in the conference City Attorney Herbert McClammy was sent for and this gave color to the report that Mr. McClammy was being seriously considered for re-election. It was also reported that Geo. L. Peschau, Esq., would be elected assistant city attorney, whose work principally would be in the prosecution of cases before the Recorder's court. About noon Mr. Peschau was sent for and spent a few minutes with the Councilmen in conference. Those who knew that Mr. Peschau had been sent for, were pretty certain then that the report on the streets was well founded. Mr. McClammy remained at the conference until the first regular public meeting was called to order by the Mayor. After confirmation of Saturday's elections, Mr. McClammy was duly elected city attorney at a salary of $2,000 a year, and Mr. Peschau, Esq., was elected assistant city attorney at a salary of $1,200 a year.

Mr. R. C. Cantwell was re-elected superintendent of the waterworks plant, and Mr. J. D. Motte was re-elected assistant superintendent, his duties to be prescribed by Superintendent Cantwell and Councilman Perdew, who is in charge of this department of the city government.

It was decided that all Councilmen should secure by June 1st an inventory of all the city property in their respective departments. A resolution was adopted defining the duties of the city attorney and his assistant, but this was not given out for publication. In fact, it was not read at the regular meeting, it having been stated that it was read at the conference and that this was regarded as sufficient. Members of the Council stated that they desired to do practically all their work for the city in the day time, so they would have the evenings to themselves, but until the new government is well started some night sessions may be held. Just before adjournment was taken until 5 o'clock, Capt. Thos. D. Meares, the clerk, inquired of the Council, how much he should give out to the newspapers regarding the proceedings of the Council. This question was doubtless prompted by the fact that there seemed to be a disposition on the part of some of the Councilmen to not let the public know about all the matters acted upon by the body. One member of the Council answered by saying that it would be left to the judgment of the clerk as to what should be given out, but others stated promptly that the public is entitled to know what Council is doing and that the clerk, in case the newspaper men are not present in person, should give out such information as the public would be interested in. No one ever had any idea other than that the acts of the Council would be public. The voters felt certain that they were not casting their ballots for men who favored star-chamber sessions, and therefore none took seriously the rumor that Council had decided to hold only secret sessions, which, unfortunately, is made possible under the law, due, perhaps, to an error in drafting, the sentence referring to this reading as follows: "All meetings of the Council, whether regular or special, at which any person not a city official is admitted, shall be open to the public." The decision of the Council yesterday with reference to publication of its proceedings was just what was expected. Any other decision would not have been for the success of the commission plan of government in Wilmington. Of course, right now it is pointed out, it may be necessary for the Council to hold a number of conferences, but as soon as everything is running smoothly under the new plan it is expected there will be absolutely no necessity for such conferences and nothing but open meetings will be held.

When the morning session of Council adjourned shortly before 1 o'clock it was the understanding that the meeting at 5 o'clock in the afternoon would not be behind closed doors and for this reason Mayor Smith asked the Councilmen to gather at 4:45 P. M. in order that they might have 15 minutes for conference. However, it must have been decided later to hold a star-chamber session proper, for when a Star representative visited the hall at 5:30 P. M. he was not admitted, the clerk, Capt. Thos. D. Meares, stating that the Council desired to have a private conference and would probably have nothing to give out to the public from the meeting. This session was a little different from the one held in the morning in that the clerk was not even permitted to attend the morning meeting, while he was allowed to remain during the afternoon meeting.

It was stated that action was taken on only one matter at the afternoon session and that was the creation of the office of special officer and the election of Former Chief of Police N. J. Williams to the position at a salary of $1,200 a year—$200 less than the salary he received as chief of police. It is thought probable that he will accept the position. The special officer will be under the control of the mayor and the Council and it will be his duty to look after the collection of special license or privilege tax, probably give some assistance in the health department, and do some little detective work—in fact, a general utility man. Mr. Williams has a wide circle of friends who will be gratified to learn that the Council has made some provision for keeping him in the employ of the city.

When a formal request was made of the Council yesterday afternoon through the clerk, Capt. Thos. D. Meares, for a copy of the resolution adopted defining the duties of the city attorney and assistant city attorney, it was stated that the resolution was not ready to be given out yet, but would later when Mr. McClammy had been consulted with reference to it. However, the gist of the resolution is given at the beginning of this story.

At the morning session of Council the bond of City Clerk and Treasurer Meares was fixed at $20,000 for the present and bond in this sum was given and accepted. The bond of City Tax Collector White was fixed at $3,000. The retiring City Clerk and Treasurer, Mr. John J. Fowler, yesterday gave a check for $45,000 in favor of Capt. Thos. D. Meares, for the remainder of the city's daily checking account on deposit at one of the local banks. It was decided that the new system of book-keeping is not to go into effect until June 1. Then it is probable that all city warrants for monies will be paid directly at the banks, instead of at the office of the City Clerk and Treasurer as at present. This will not be considered until the deposits are made in the different banks. It was stated that Councilman P. Q. Moore, who is at the head of the Streets, Wharves and Public Improvements, will have charge of the lights and bridges of the city, and that the Sixth street bridge muddle has already been placed in his hands for adjustment.

H. A. FIELDS ARRESTED.

Former Wilmingtonian Charged With Bigamy—Wife Living Here.

The first matter to claim the attention of Mr. John J. Fowler as chief of Police of the City of Wilmington was a telegram from C. G. Kizer, chief of police of Norfolk, Va., stating that H. A. Fields, until about a year ago a resident of Wilmington, had been arrested there under a charge of bigamy, and asking that an officer be sent to No. 307 Dawson street and interview Fields' wife No. 1 and find out if they were ever married. The telegram was turned over to Chief Fowler yesterday morning about 11 o'clock by Mr. N. J. Williams, the retiring chief.

About noon an officer was sent to the home of Mrs. Fields, who stated that she and H. A. Fields were married some years ago in Richland county, N. Y. She said that she received a letter from her husband a few weeks ago in which he asked that if any inquiry should be made as to whether or not he was married, for her to answer in the negative. This was commented upon at police headquarters it being a most unusual request and shows that Fields is a man of plenty of nerve. It seems that Fields was married in Norfolk in April to another woman.

Fields came here about ten years ago and it was said yesterday that for a number of years he was a city letter carrier here. He is said to have gone to Navassa something over a year ago and about this time began to drink heavily and soon became entangled with a woman of questionable character, who later followed him to Raleigh, where he was last heard from. When he left here Fields was to send for his wife in a short time, but never did. Chief Fowler answered the telegram, giving the information desired. It is probable that Mrs. Fields will go to Norfolk and appear as a witness if the Norfolk authorities desire her presence.

Sensational Trial.

Camorrists great case being shown at the Grand today. **

NOW CHIEF OF POLICE FOWLER

Sworn in Yesterday Morning and Assumed Duties of His Office in Afternoon—Mr. Woolard Remains Assistant.

Mr. John J. Fowler, one of Wilmington's best known citizens, for a number of years connected with the city government, having served at different times during this period as Mayor, Alderman and City Clerk and Treasurer, holding the last named office until he was elected by the Council Saturday afternoon as chief of police, yesterday assumed the duties of his new position, being succeeded as City Clerk and Treasurer by Capt. Thos. D. Meares, formerly clerk of the Board of Audit and Finance.

Mr. Fowler was sworn in as chief of police by Mayor Joseph D. Smith at 10:15 o'clock yesterday morning and in the afternoon took active charge of the police department. It was thought by a large number that Mr. Nathan J. Williams, who has been chief of police for several years, would be elected assistant chief, others thought that Patrolman C. S. Burnett or the present assisstant chief, C. W. Woolard, would be the choice of the Council. During the day, however, the attention of the Council was called to the fact that all employes of the police and fire departments, with the exception of the two chiefs, are placed under civil service rules, and the present employes retain their positions without further examinations, unless removed for cause, therefore Mr. Woolard will continue as assistant chief, which position he has filled with ability for the past several months. Council could not have selected a better man for the position and in him Chief Fowler will find a most valuable assistant.

The members of the civil service commission were elected Saturday afternoon, their names having been given in Sunday's paper as follows: Ex-Alderman C. F. W. Rehder, chairman, two years; ex-Alderman S. J. Ellis, four years; Mr. Martin S. Willard, six years. Messrs. Ellis and Willard qualified yesterday morning, the oaths having been administered by Mr. John J. Fowler, who is also a magistrate. The commission is required to hold but two meetings a year, the first Monday in June and the first Monday of December of each year, but may hold meetings whenever deemed necessary.

Mr. Fowler has been connected with the city government for 18 years. For eight years he was an Alderman, four years of this time serving as Mayor of the City; for four years assistant city clerk and treasurer and for the past six years clerk and treasurer. He has been a magistrate for a number of years and is a licensed attorney. The exigencies of the situation here call for just such a chief of police as Mr. Fowler is capable of making and his election to this position was urged by many of the leading citizens of Wilmington. Mr. Fowler stated yesterday that he did not expect to "turn the city up-side-down," so to speak, but that he would endeavor to enforce all the laws of the city. He stated last night that he would have some of his plans ready for execution today. The prediction is freely made by the best of citizens that Mr. Fowler will make an ideal chief of police.

NOW SIXTY APPLICANTS.

Ask for Membership in the Chamber of Commerce—Committee Work.

As a result of the work of the Membership Committee of the Chamber of Commerce 60 applications for membership in the organization have been secured during the past few days. The committee has been canvassing the business section of the city and since last Friday when it was announced that 20 applications were in, 40 more have asked for membership. With this many new members enrolled it would bring the total of the organization to 200.

As soon as the committee completes the canvass, which will last only a few days longer, a meeting will be held for the purpose of electing new members. The committee has attained splendid success and interest in the Chamber of Commerce is becoming more general.

The committee on membership is very much encouraged with the result of the canvass so far and Chairman John VanB. Metts believes that the number will be greatly enlarged within the next few days. Not only are the business men joining heartily in the movement for a larger and more active organization, but many applications are coming in by mail. It may be impossible for the committee to see all who should be interested. Should anyone not be called upon, they are requested to mail their applications at once to Membership Committee, Chamber of Commerce, City.

A Fast Growing Enterprise.

Mr. J. M. Satchwell, the enerpetic proprietor of the Southern Sign Shop, on Third street, opposite the Court House, has been enlarging and otherwise improving his shop, and to better accommodate his fast growing sign business has associated with him Mr. R. C. Francis, of the best known sign painters of Richmond, Va. Mr. Satchwell has installed machinery to do such sign work as has never before been attempted in the South.

DR. W. D. McMILLAN RE-ELECTED

Salary of County Superintendent of Health Increased From $1,200 to $1,800 a Year—More Work Required.

The County Board of Health, as constituted under the new act of the recent Legislature, met at 2:30 o'clock yesterday afternoon in the County Commissioners' room at the Court House, the primary purpose of the meeting being the election of a county superintendent of health and the fixing of his salary. Dr. W. D. MacMillan was unanimously re-elected for the ensuing term and his salary was increased from $1,200 to $1,800 a year.

The increase was voted by the board on account of the enlarged work of the county superintendent of health, who will have considerably more work to do now than ever before, the new law making it compulsory that among his other duties that he visit every public school in the county at the beginning of each school term with the superintendent of public instruction and make a careful investigation of health and sanitary conditions, this alone requiring much time on the part of the superintendent. The increase of salary was voted with the understanding that Dr. MacMillan is to give all of his time to the office.

It was decided that a conference between the Board of Health and the City Council or a committee from the Council on matters pertaining to health and sanitation is advisable, and the clerk was instructed to request such conference of the City Council. The conference will be held at the convenience of the Council. It is probable that the conference will be held within the next week or ten days.

The meeting was presided over by the chairman, Mr. Duncan McEachern, and in attendance were Mayor Joseph D. Smith, of Wilmington; Prof. Washington Catlett, county superintendent of public instruction, and Dr. R. H. Bellamy, members of the board, and Mr. John Haar, the clerk.

MRS. CHATER DEAD.

Daughter of Late Col. John MacRae—Buried at Englewood, N. J.

Many Wilmington friends have learned with sorrow of the death of Mrs. Sallie D. Chater, which occurred at her home in Englewood, N. J., on the morning of Saturday, May 6th. Mrs. Chater was a daughter of the late Col. John MacRae, of Wilmington, and was born and reared in this city, where she had a host of friends to whom the announcement of her death came with peculiar sorrow. Memorial services in her honor were held on Sunday at 4 P. M., with funeral at 5 P. M., with interment in the churchyard at Englewood.

* * *

Mr. James Fletcher Ruark arrived yesterday on the steamer "Carib" from New York City to visit his parents, Mr. and Mrs. H. K. Ruark, No. 517 South Front street.

* * *

Mr. and Mrs. N. N. Martin, formerly of Wilmington, now of Darlington, S. C., are in the city, stopping at The Carolina. Mrs. Martin has as her guest Mrs. R. H. Seabury, of Petersburg, Va.

* * *

The Alumnae Association of the State Normal and Industrial College will meet this afternoon at 4 o'clock at the home of Miss Lydia Yates, on North Fourth street. A large attendance of members is earnestly desired.

* * *

The Women's Foreign Missionary Society of the First Presbyterian Church will hold its regular monthly meeting this afternoon at 4 o'clock in the church parlors. All the ladies of the congregation are cordially invited to be present.

* * *

Friends will regret to learn that Mr. Arthur Lewis, a well known young business man, son of Mr. and Mrs. J. A. Lewis, suffered an attack of appendicitis Sunday morning, but will be glad to learn that the operation, which was performed during the day, was successful and he is reported as being on the road to recovery.

* * *

Invitations have been received for the fifteenth commencement of the Southern Presbyterian College and Conservatory of Music of Red Springs. The exercises begin Sunday, May 14th, with the baccalaureate sermon by Rev. A. D. McClure, D. D. The commencement address will be delivered the following Wednesday by Hon. E. D. Smith, of Florence, S. C. Among the nineteen graduates are Miss Mable M. Croom, of this city, and Miss Alice J. Johnson, of Brunswick county.

* * *

Surmounted by the insignia of the college, handsomely done in gold, attractive invitations have been received as follows:

The Faculty and Senior Class
of
The North Carolina
State Normal and Industrial College
invite you to be present
at the
Nineteenth Annual Commencement
May the twentieth to the
twenty-third
nineteen hundred and eleven
Greensboro.

PERSONAL PARAGRAPHS.

—Friends will be glad to learn that Mr. Richard J. Jones, who has been confined to his home for several days, is rapidly improving.

—Mayor A. H. Pait, of Elizabethtown, has been spending a few days in Wilmington where he has a host of friends. Mr. Pait is a lawyer and resided in Wilmington for years. On Tuesday last he was elected mayor of Elizabethtown and as he is a young and progressive man his election means something for "Lizabeth." He says the town is going to invite industries and come to the front.

—Among the arrivals at the Southern Hotel yesterday were the following: J. A. Rowe, Burgaw; F. E. Gunn, E. V. Snelton and A. Chambers, of Fort Caswell; A. Campbell, Kinston; J. B. Melvin, Rocky Mount; K. M. Larkins, Bolton; R. W. Clifton, Tomahawk; D. L. Gurganus, Ivanhoe; Jas. Arnett, East Arcadia; J. A. McEachen, Dillon, S. C.; D. J. Corbett, Sr., and J. A. Dew, Currie; J. A. Pemberton, Fayetteville; D. Z. McGougan, Lumber Bridge; J. B. Smith, Clinton, and Robert L. Johnson, of Fort Caswell.

LOCAL DOTS.

—The Board of directors of the Y. M. C. A. will hold the regular meeting for the month of April in the directors' room at the building tonight at 8:15 P. M.

—Spirits of turpentine in Saturday's local market was erroneously quoted at 64 3-4, when it should have been 61 3-4. It was quoted at 62 1-2 on the market yesterday.

—The British steamer Mancunia, Capt. Laing, cleared yesterday for Norfolk, where she will receive cargo for foreign export. She discharged cargo of nitrate of soda from the West Coast of South America at this port.

—Superintendent R. C. Cantwell, of the city waterworks plant, has a series of photographs of the plant at Hilton Park. He will have the views, which are very interesting, framed and placed in the waterworks office at the City Hall.

—The permit has been issued from the office of the building inspector for the erection of a modern freight depot by the Seaboard Air Line at this place, the building to be built just to the west of the present depot. The building will cost about $25,000 and will be erected by the Christian Construction Co., of Durham, which already has a force of hands making the preliminary arrangements.

FEDERAL COURT TODAY.

Two Weeks' Term for Trial of Criminal and Civil Matters.

The regular Spring term of the United States Circuit and District Courts will convene in the Federal building in this city this morning with Judge H. G. Connor, of Wilson, presiding, and will continue for two weeks, the first for the trial of criminal matters and the second for the hearing of civil causes. There are not many matters on the criminal side of the docket and none of any great interest or importance. The government will be represented by District Attorney H. F. Seawell, of Carthage, and Assistant District Attorney I. S. Meekins, of Elizabeth City. Mr. Claudius Dockery, the marshal, arrived yesterday afternoon, and other court officers have also arrived, as well as a number of jurors.

Grand Theatre.

One of the most important offerings in motion pictures in this city will be the "Trial of the Camorrists" at the Grand today. This famous picture was made by the Pathe Company, and is being shown in all the large cities, and is proving the greatest drawing card of any moving picture ever made. In this picture we are given an exact reproduction of the trial of the Camorrists, the notorious band of criminals now being held in Italy. This film was engaged at an enormous rental and will positively be shown only one day. The different scenes give the alleged members of the band being conducted to court, Bate Maccio, whose confession led to the arrests, the priest Ciro Vettozzi, said to be secretly affiliated with Camorra, the prison in which the gang is confined and scenes at the court where they are being tried. No trial since the famous Dreyfus case has attracted so much interest, and the announcement that this picture will be shown at the Grand will cause a record breaking crowd. There will be three other pictures on the bill and a new song by Mr. Baldwin.

At the Bijou.

The cozy Bijou, because the popular theatre has the happy and versatile faculty, it might be added, of adapting itself comfortably to the situation, did fine business again yesterday. The disagreeable weather, of course, hurt the attendance some, but not enough to break into the usual order of big attendances. The bill presented was a delightful one in every respect. Four of the latest and most expensive films were presented and were enthusiastically received, while the different musical numbers were of the brightest and most up-to-date type. Mr. Frank Banks' new song was a brilliant gem. Today the Bijou promises one of the very best bills it has yet offered. A wire received last night by the management brought the news that three reels of the greatest collection of films yet presented in Wilmington had been expressed. Mr. Banks has also picked out a big song hit for today, so as to be in thorough accord with the delightful artistic triumph in the moving picture line, and other enjoyable features will be on tapis.

Vaudeville's Premier Violinist.

An exceptinal feature at the Crystal Palace this week is Geo. A. Moskey, a brilliant young violin solist, playing several selections including Shumann's Traumerell, a general favorite as a violin solo. The opening number, "Gypsy Air" by Serasate shows young Moskey's ability to execute clearly rapid passages as well as the splendid tone which he can produce in the minor parts. All music lovers will thoroughly enjoy his few minutes of enthusiastic playing—the applause last night brought forth a delightful enchore, a Mazurka, dainty and tuneful. The comedian appearing, Ben Welton, received much applause on his eccentric dancing. Today a western picture will be shown entitled "The Tough Tenderfoot," and in addition a patriotic feature, "For Washington." This latter is a magnificent and spectacular photo-play of the American Revolution.

Joyland.

The programme for today is composed of three of the best pictures in the market. There will be a big comedy film and a scenic production of much merit. Mr. Reilly has selected for his song today "My Morning Rose," a beautiful Indian song with a very catchy air. Open daily from 2:30 to 11 P. M. Admission 5 cents always.

MRS. ELIZABETH RUSS DEAD.

Passed Away at Her Home in This City Last Evening.

Friends will regret to learn of the death of Mrs. Elizabeth J. Russ who passed away at the family residence, No. 620 Castle street, at 7:45 o'clock last night, after an illness of some time. Mrs. Russ was in the 68th year of her age and was a most estimable woman, whose passing will be mourned by a large circle of friends as well as by members of the family. Her husband preceded her to the grave several years ago. Surviving are six children, these being Mr. M. Russ, Mr. E. E. Russ, Mrs. E. A. Ezzell, Mr. Jas. N. Russ, Mrs. G. C. Potter and J. W. Russ, all of Wilmington, who have the sympathy of a great many friends in their bereavement. The funeral services will be held from the residence at 4 o'clock this afternoon, conducted by her pastor, Rev. W. G. Hall, pastor of Southside Baptist church, and the interment will be in Bellevue cemetery.

Mr. E. P. Brook Bereaved.

Friends will regret to learn that Mr. E. P. Brock was called to Norfolk, Va., Sunday by a telegram conveying to him the sad intelligence of the death of his father, which occurred at his home in that city Sunday morning. The funeral services were held yesterday afternoon and the interment was in the family burying ground at Smithfield, Va. Mr. Brock who will return tomorrow, will have the sympathy of a great many friends.

Do Not Show Your Age In Your Complexion

By DOROTHY VENN.

(From San Francisco Examiner.)

What woman would not look young if she had a clear, soft complexion?

Perhaps the most wonderful skin treatment is one of the most simple. Dr. Takka Quoido, Japan's famous skin specialist, gives San Francisco women the following advice:

"Yes, we never grow old in Japan—I mean the women's faces never show age. All Japanese women use mayatone dissolved in witchhazel, and massage the solution thoroughly into the face, neck and arms once or twice a day. This treatment is absolutely harmless even to a baby's skin and gives wonderful results, removing all manner of facial blemishes. It also prevents the growth of hair. You never saw a Japanese woman with hair on her face.

"Take a small original package of mayatone and dissolve it all in eight ounces of witchhazel, and you are supplied with this aid to youth.

RURAL SCHOOLS ARE CLOSED

Superintendent Catlett Reports to the Board of Education That Past School Term Was Most Successful—Special Tax.

That there has been an awakening in educational matters in New Hanover county during the past year or two and that the enrollment and attendance at the rural public schools during the recent school year was particularly gratifying, was the substance of an oral report made by Prof. Washington Catlett, superintendent of public instruction, to the County Board of Education, in regular monthly session yesterday afternoon.

Prof. Catlett also made the gratifying statement that all the rural schools avail themselves of the opportunity to secure an eight-months' term. Heretofore some of the schools did not take quite all of the eight-months' term, but closed earlier for one reason or another.

The meeting was presided over by Chairman J. O. Carr and in attendance were Messrs. C. E. Taylor, Jr., and D. J. Fergus, members of the board; Prof. Catlett, and County Treasurer H. McL. Green. The report of Prof Catlett was received with no little interest and gratification. The formal report of the superintendent will not be made until later and will cover in detail the work of the different rural schools. County Treasurer Green reported that there was $1,805.71 in the treasury to the credit of the school fund on May 1st.

Based on the recommendation of the school committee of districts Nos. 1 and 2, and also in the opinion of the Board of Education as to the necessity of the levy, it is ordered that the special tax for the maintenance and support of the public schools of New Hanover county, as proveded by Chapter 392, of the Public Acts of 1909, be fixed at 15 cents on the $100 valuation of property and 45 cents on the poll for the year 1911. The secretary was directed to certify the same to the Board of County Commissioners. The levy is the same as last year.

THE RECORDER'S COURT

Ralph Kennedy Found Not Guilty of Common Nuisance Charge—Other Cases Heard Yesterday Morning.

Ralph Kennedy, a well known white man, was tried in the Recorder's court yesterday morning on the charge of common nuisance and was found not guilty. The indictment charging this offense was brought by the last grand jury and the case was remanded from Superior court to the lower court for trial. It was alleged that the offense was committed at the place of business conducted by the defendant at corner of 10th and Grace streets, but this could not be substantiated by the evidence.

The defendant was represented by Woodus Kellum, Esq., while the prosecution was not represented by counsel. After hearing the testimony the Recorder ordered that a verdict of not guilty be entered.

There were several other cases to claim the attention of the Recorder yesterday morning, but none of any special interest or importance. John Thomas, colored, was given a straight sentence of three months on the roads for carrying a concealed weapon. Thomas was arrested on 13th and Red Cross streets late Saturday night and a pistol was found near where he was standing. Another negro testified that he saw the defendant take the pistol from his pocket and throw it on the ground where it was found by the officer. Grady Lee, colored, was found not guilty of assault on Susie Haywood, colored. L. Clayton Grant, Esq., appeared for the defendant, while the prosecution was represented by B. G. Empie, Esq. Five negro women were fined $10 each and costs for disorderly conduct. It is not likely that they will be able to raise the amount of the fine and costs and will do service on the county farm. They are: Maggie Small, Lizzie Shepherd, Mary Flowers, Katie Pigford and Jessie Fulton. Andrew Jackson and David Brinkley, colored youths, charged with disorderly conduct, were let off with costs on account of their ages.

Handsome Y. M. C. A. Button.

A happy and pleasing incident of the regular weekly meeting yesterday morning of the Wilmington Ministerial Association was the presentation of a handsome solid gold Y. M. C. A. button to Mr. H. G. Bowden, the retiring associate secretary of the local association, who leaves tomorrow morning for Charlotte, where he will make his headquarters in his new position of field secretary for North and South Carolina. The speech of presentation was made by Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian Church, and was feelingly accepted by Mr. Bowden.

Fire Yesterday Afternoon.

The fire department was called out at 1:48 o'clock yesterday afternoon from box 51 on account of a blaze at No. 719 Church street, house owned and occupied by Sylvester Willis, colored. Considerable headway had been made when the firemen arrived and before the flames were extinguished an estimated damage of $300 had been done the building and contents. The house is a two-story frame structure and the fire started from a spark from a chimney.

CHANGE IN WOMAN'S LIFE

Made Safe by Lydia E. Pinkham's Vegetable Compound.

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. Chas. Barclay, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing woman's ills such as inflammation, ulceration, fibroid tumors, irregularities, periodic pains and nervous prostration, and it is unequalled for carrying women safely through the period of change of life.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

STATE BUILDING COMMISSION.

Meets in Raleigh This Morning—Planning for Immediate Work.

Ex-Mayor William E. Springer, a member of the State Building Commission authorized by act of the last Legislature to purchase the site and arrange for the erection of the magnificent new State building in Raleigh, left yesterday evening for the capital to be present this morning at the initial meeting of the body. The meeting was called by Col. Ashley Horne, of Clayton, father of the bill in the Legislature, and senior member of the Commission. It is expected that at the meeting today little business of interest will be transacted other than that of organization. Very soon, however, it is the purpose of the Commission to get immediately to work on the negotiations for the site and consideration of plans by the architects for the structure.

THE CATHOLIC BAZAAR.

Committee Makes Further Announcement as to Donations, Etc.

The article in Sunday's Star, making acknowledgment of further donations to the Catholic Bazaar, should have read "completes the list," etc., instead of purporting to give a "complete" list of the donations, many of which had previously been acknowledged. The management is quite sure a number of names of contributors have been omitted and regrets they cannot now be obtained and to these grateful acknowledgments are now made. The presence of Bishop Haid, Fathers Dennen, Hayden and Irvin during the bazaar was highly appreciated by the Knights and congregation, the committee also feels under obligations to Mr. Allie Price, of the C. W. Polvogt Co., for the really artistic decorations of the hall for the fair.

Funeral of Little Daughter.

Mr. and Mrs. H. Mack Godwin have the tenderest sympathy of a great many friends in the death of their young daughter, Marguerite M. Godwin, which occurred at the family residence, No. 508 South Sixth street, Sunday afternoon at 4 o'clock. The little girl was only two years old and was a particularly bright and lovable child and her passing came as a crushing blow to the grief-stricken parents. The funeral service was held from the residence at 4 o'clock yesterday afternoon, conducted by Rev. G. T. Adams, pastor of Fifth Street Methodist church, and the interment was in Bellevue cemetery.

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome, and by asking almost any first-class druggist for Wyeth's Sage and Surphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent: J. Hicks Bunting Drug Co., corner Front and Grace streets.

YOU ARE INVITED

TO VISIT OUR NEW BAKERY.

It is Sweet, Wholesome, Sanitary.

Every piece of machinery is in place, ready for mixing and baking the most Toothsome Bread, Cakes and Pies you have ever eaten.

See the Mammoth New Peterson Steel Bread Oven, That Bakes 5,000 Rich, Nourishing Loaves Per Day.

The only one of its kind in all Eastern North Carolina. Modern in every particular.

There is no more serious problem than dealing with the Bread Supply of a city, and we want you to come to our plant, inspect it throughout and KNOW that you get Bread, Cakes, Pies and Pastries as good as the ones Mother used to make.

This is the Spotless Bakery—and it's ready for your order, large or small.

COTTON ACTIVE FOR THE DAY

Lower Opening Followed by Sharp Advance in Old Crop Positions—Spot Closed Quiet 15 Points Higher — Features.

New York, May 8.—A lower opening in the cotton market today was followed by a sharp advance in the old crop positions, with July contracts making a new high record for the season on covering by shorts. The new crop, however, was slow to follow the advance, and fluctuations in the late trading were irregular, with the close steady, net 3 points higher to 8 points lower.

The market opened barely steady at a decline of 6 to 12 points under scattering liquidations and local selling, inspired by disappointing cables, smaller English spot sales, reports of a less active trade demand in Lancashire and a generally favorable weather map. Bull support soon checked the decline in the old crops, however, and in spite of favorable weather prospects the market developed a decidedly firmer tone on covering. July gradually worked up, and just above the closing figures of Saturday stop loss orders were caught on which the advance continued until during the afternoon that delivery sold at 15.57, or ten points net higher, and about nine points above the previous high record for the season, which was established last December. New crop positions were very slow to follow this upward movement, owing to the favorable weather forecasts and barely recovered their initial loss, while the entire list eased off from the best in the late trading under realizing and indications that the leading bulls were taking profits on some of their July holdings above the 15½ cent level.

The larger exports reported for the day and reports of firm southern spot markets no doubt contributed to the strength of the old crop positions during the afternoon, but private crop accounts were rather more favorable and the long range forecast of the government for summer weather east of the Rockies during the week tended to create expectations of a favorable official crop report on June 2, when the first of the reports of the Department of Agriculture is to be published giving the acreage and initial condition.

Receipts today, 13,392 bales, against 10,845 last week and 5,543 last year. For the week, 60,000, against 65,890 last week, and 56,632 last year. Today's receipts at New Orleans, 6,470, against 2,870 last year, and at Houston, 1,817, against 936 last year.

Spot closed quiet, 15 points higher; middling uplands, 15.65; middling gulf, 15.90; sales, 6,900 bales.

Cotton futures opened barely steady and closed steady.

THE GRAIN MARKET.

Chicago, May 8.—Fear of drought damage counterbalanced today with wheat speculators at the idea that the government report would prove decidedly bearish. As a matter of fact, the document turned out less discouraging to the bulls than had been expected, but the result was not known until after the board of trade hours. In consequence, the close was easy, ¼@¼ to ⅛ up. Corn finished ⅛@⅜ to 1¼ down, oats lower by ⅛@¼ to ¼@⅜c. Hog products at 7½ to 57½ advance.

Wheat—No. 2, red, 94⅜@96¾; No. 3, red, 92@95½; No. 2, hard, 94⅜@96½; No. 3, hard, 92@95½; No. 1, northern, 1.03@1.05; No. 2, northern, 1.02@1.04; No. 3, northern, 1.00@1.03; No. 2, spring, 95@1.00; No. 3, spring, 95@1.00; velvet chaff, 92@98; durum, 89@93½.

Corn—No. 2, 54¼@54½; No. 2, white, 54½@54¾; No. 2, yellow, 54@54¾; No. 3, 53½@53¾; No. 3, white, 53½@53¾; No. 3, yellow, 53½@53¾; No. 4, 52@52½; No. 4, white, 52@52¾; No. 4, yellow, 52@53.

TRADING IN STOCKS LIFELESS

Government Crop Report Receives Attention on the Market—American Can Most Active Issue —Movement Explained.

New York, May 8.—The monthly statement of the copper producers and the government crop report received more attention in the financial community today than did the stock market, where trading was so lifeless as to be almost without significance. Expectations of a good crop were general and acted as a sustaining influence in a stock market, which was inclined to heaviness.

Some conception of the extremely hollow character of today's market may be gathered from the fact that up to midday the most active issue was American Can, common, both it and the preferred advancing materially. The movement was explained variously as being due to increased business and to prospective dividend changes. Last week's movements in such semi-active stocks as International Harvester, Western Maryland and American Beet Sugar were continued, but the inquiry for these issues failed to impart any degree of confidence. The real market leaders, with few exceptions, were rather heavy, although this seemed to be due more to neglect than to pressure.

Bonds were steady. New York City new 4½s established another record figure at 1,04⅝. Total sales, par value, $2,820,000. United States government bonds were unchanged on call. The appearance of the report with its contraction in indicated yield of winter wheat, coupled with betterment of condition, was followed by some selling of stocks which had been bought presumably in the expectation that the crop figures would stimulate the market. Prices declined moderately and the close showed many small net losses among the active issues.

The copper producers' statement was not as favorable as had been expected, because of the reports of unusually large sales in the last fortnight. Publication of the report had little effect on stocks, however, Amalgamated Copper yielding only a fraction. It was pointed out that while domestic deliveries fell off sharply, exports increased moderately. There was, moreover, a marked contraction in production in April as compared with March. In the steel trade, also, indications of immediate improvement are few. Shipments of the United States Corporation are reported to have fallen to below the April average. Total sales for the day, 249,100 shares.

State of North Carolina, Department of State.—Certificate of Filing of Consent by Stockholders to Dissolution:

To all to whom these Presents may come—Greeting:

Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof deposited in my office, that the National Stamp Vending Machine Company, a corporation of this State, whose principal office is situated in the City of Wilmington, County of New Hanover, State of North Carolina, (A. B. Williams, secretary, being the agent therein and in charge thereof, upon whom process may be served) has complied with the requirements of Chapter 21 of the Revisal of 1905, entitled "Corporations," preliminary to the issuing of this certificate, that such consent has been filed.

Now, therefore, I, J. Bryan Grimes, Secretary of the State of North Carolina, do hereby certify that the said corporation did, on the fifteenth day of April, 1911, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by more than two-thirds in interest of the stockholders thereof, which said certificate and the record of the proceedings aforesaid, are now on file in my said office, as provided by law.

In testimony whereof I have hereunto set my hand and affixed my official seal, at Raleigh, this 15th day of April, A. D. one thousand, nine hundred and eleven.

J. BRYAN GRIMES,
Secretary of State.

DON'T EXPERIMENT!

You Will Make No Mistake If You Follow This Wilmington Citizen's Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to act on the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has helped many people in Wilmington. Follow the advice of a Wilmington citizen and be benefitted yourself.

Capt. A. M. Wilson, 402 S. Fifth St., Wilmington, N. C., says: "I am pleased to confirm my former endorsement of Doan's Kidney Pills. I use this remedy occasionally and it always brings the best of results. I had lumbago and lameness in my loins and plasters and liniments did not help me to any extent. I heard so much about Doan's Kidney Pills that I finally got a box at Bellamy's Drug Store and began their use. They cured me and all the aches and pains caused by my kidneys disappeared. I shall never fail to recommend Doan's Kidney Pills when I have an opportunity."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

WILLIAMS MFG. CO., Props., Cleveland, Ohio

ELECTION NOTICE:

The Board of Commissioners of New Hanover County in accordance with the provisions of an Act of the General Assembly of North Carolina passed at its 1911 Session, entitled "An Act to empower the Board of Commissioners of New Hanover county to issue bonds for road improvement and to construct bridges," and by virtue of the power therein given, do hereby call and give notice of an election to be held by the qualified voters of New Hanover county, on Wednesday, the 31st day of May, 1911, between the hours of sunrise and sunset, to determine whether New Hanover county, North Carolina, shall issue $50,000 of its bonds, with interest coupons attached, to continue and complete the repairing, construction and improving the public roads and bridges in said county.

At this election the ballots tendered and cast by the qualified electors shall have written or printed upon them "For continuing and completing the construction and improvement of the public roads and bridges of the County," or against the continuing and completing the construction and improvement of the public roads and bridges of the County".

All qualified electors who favor the issue of said bonds shall vote "For continuing and completing the construction and improvement of the public roads and bridges of the County," and all qualified electors who are opposed to the issue of said bonds shall vote "Against the continuing and completing the construction and improvement of the public roads and bridges of the county."

For the purpose of this election as authorized by the said Act, the said Board of Commissioners have ordered, and do hereby order, a new registration for said election, and the following are designated as the polling places in the several townships, precincts and wards, and the persons hereinafter named have been appointed as the Registrars and Judges of election in the said several townships, precincts and wards.

Cape Fear Township—Polling places, Blossom's Store, Castle Hayne; registrar, W. B. Hand; judges, W. H. Shearin and J. H. Johnson.

Harnett, First Division—Sneeden's Store, Delgado; Geo. H. Ward, registrar; W. A. Woods and E. C. Holt, judges.

Harnett, Second Division — Township House, polling place; J. A. Everett, registrar; Geo. R. Smith and Gerrit Walker, judges.

Masonboro township, Township House, polling place; F. A. Montgomery, registrar; D. D. George and Andrew Capps, judges.

Federal Point township, Carolina Beach, polling place; Hans A. Kure, registrar; Thos. J. Burnett and Melvin Horne, judges.

Wilmington—First ward, Precinct No. 1, Engine House, 4th and Campbell streets, polling place; Fred Moore, registrar; C. F. W. Rehder and F. P. Lamb, judges.

Wilmington—First ward, Precinct No. 2, Kerr's Store, 4th and Harnett streets; Isaiah West, registrar; Geo. H. Heyer and C. L. Spencer, judges.

Wilmington — Second ward, Woolvin Building, Princess street, polling place; C. H. Ward, registrar; T. W. Wood and F. S. Shepard, judges.

Wilmington — Third ward, Giblem Lodge, 8th and Princess streets, polling place; J. D. Bowen, registrar; L. B. Sasser and Russell Bellamy, judges.

Fourth Ward—W. P. Oldham's Store, Dock between Front and 2nd streets, polling place; M. Cronly, registrar; W. D. McMillan, Jr., and T. G. Pickett, judges.

Fifth Ward, Precinct No. 1, Engine House, 6th and Castle streets, polling place; Jno. W. Gafford, registrar; J. E. Taylor and Henry Gerdes, judges.

Fifth ward, Precinct No. 2, Market House, 5th and Castle streets, polling place; R. A. Burnett, registrar; J. O. Brock and T. B. Willard, judges.

The Registration Books of each Township ,precinct and ward will be kept open for the registration of electors for twenty days preceding the day for closing the registration books as hereinafter provided, Sundays excepted, between the hours of 9 o'clock A. M. and sunset on each day, beginning the 27th day of April, 1911; and said books shall be closed for registration at sunset on the second Saturday before the election, to-wit: On the 20th day of May, 1911, and on Saturday, the 27th day of April, 1911, and on the 6th day of May, 1911, and on the 13th day of May, 1911, and on the 20th day of May, the Saturdays thereafter, the registrars shall attend with their registration books at the polling places of their respective Townships, precincts and wards, for the registration of electors.

The registrars will attend the polling places of their respective Townships, precincts and wards with the registration books, on the Saturday preceding the election, to-wit, the 27th day of May, 1911, from the hour of 9 o'clock A. M. till the hour of 3 o'clock P. M., when and where the said books will be open for the inspection of the electors of said Townships, precincts and wards, and any of the said electors shall be allowed to object to the name of any person appearing on said books.

This, the 24th day of April, 1911, by order of the Board of Commissioners of New Hanover County.

D. McEACHERN,
Chairman.

G. MORGAN KNIGHT, Manager. PETERSBURG, VA.

LUST FOR BATTLE STIRS THE REBELS

(Continued from Page One.)
to be in complete command.

Confusion in the Camps.

In the main insurrecto camp today, confusion reigned. Orders were given for a general attack, but they were countermanded. It was argued by some of the rebel chiefs that since a small detachment had made such progress, it was the duty of the rest of the army to aid the attackers.

Gen. Madero wavered in his decision, but finally decided to stand by his promise of last night not to attack the city.

Flags of truce suffered grossly during the day. An insurrecto, who bore one, was shot from his horse. Those who were trying to persuade Gen. Madero to make a general attack, it was said, reported that the Federals had fired on the truce bearer, but this was not confirmed.

Gen. Navarro was willing during the day at any hour to grant an armistice, but the insurrectos ignored all efforts in that direction.

As Viewed in Mexico.

Mexico City, May 8.—With no other information as to the rebel movements than that contained in the Associated Press dispatches regarding the kaleidoscopic changes at Juarez government officials tonight betrayed complete bewilderment. It was with the utmost complacency that they viewed the situation this morning. They were confident that the manifesto of President Diaz as to his resignation would prove so satisfactory to Madero that peace negotiations would be resumed. At the foreign office it was announced this afternoon that arrangements for the renewal of peace negotiations had been begun.

Later came the news that an attack on Juarez had been begun. The uneasiness created by this news gave place to satisfaction when it appeared that Madero had been able to control his men and that he and Gen. Navarro had arranged an armistice.

That the peace negotiations then announced for 4 o'clock had been arranged for, was news received with distinct relief. This feeling, however, was dissipated when the report came that a general attack was in progress and alarm was manifested when it was reported that Gen. Madero had been wounded.

Tonight Gen. Diaz consulted with the minister of war and other members of his cabinet regarding the new turn of affairs. In official circles it was pointed out that Madero this afternoon demonstrated that what the government has contended from the beginning was a fact: "That he is unable to control the army he has gathered and that the greatest menace on this account is anarchy rather than civil war. It was suggested that if he were unable to control the men under his immediate command, there was little chance that he would be able to direct the rebel bands in other parts of the Republic.

In defense of the Diaz manifesto, officials tonight state that it was this anarchic condition that the President foresaw and endeavored to avert.

The activity manifested at the War Department this morning was still more evident tonight, and the conversation of army officers was of anything but peace.

In spite of disquieting reports from the border they expressed confidence in the ability in the Federal army to meet the general situation. At the War Department and throughout the city, the coming of Gen. Benardo Reyes from Europe was a topic frequently discussed. It now appeared that official Mexico looks to that warrior more than to any one else for the pacification of the country.

The greatest excitement since the beginning of the insurrection prevailed in the capital tonight. Newsboys crying extras, rushed through the streets tonight doing a thriving business. Extra after extra was issued. In the streets and restaurants the news was eagerly read and discussed.

The apparent vascillation of Madero was the cause of smiles and laughter everywhere. His conduct was approved by loyalists in the sense of its being a mistake by which Gen. Navarro profited. The more outspoken of the insurrecto sympathizers censured him roundly for not seizing the moment that would have made him a military hero.

Fighting Is Renewed.

Sandiego, Cal., May 8.—Fighting which began at 10:45 o'clock this morning between the Federal guard of 100 men at Tijuana, lower California and a rebel band which the former was to repel was still in progress tonight. Intermittent firing could be heard from the customs house on the American side of the boundary line. Rebel bullets entered Tijuana which is practically deserted with the exception of an armed force of Federals. The rebels from Tecate had planned the assault on Tijuana for several days.

May Renew the Attack.

El Paso, May 9.—Though the firing ceased at 10:30 o'clock tonight, it was rumored that an automobile party went to demand the surrender of Juarez from Gen. Navarro. Should Gen. Navarro refuse, an attack is imminent. The insurrectos, who, it was believed, had retreated early in the evening from Juarez, are now said to be concealed in the city awaiting reinforcements.

Rebel Troops Moving.

Douglas, Ariz., May 8.—With Juarez under fire the insurrecto bands in Sonora are moving up the Nacozari valley for the fourth battle of Agua Prieta. The rebel leaders, with the breaking of the armistice dispatched couriers to all rebels calling for a concentration of forces.

Among those expected to take part in the attack are Rojas with his command of 400 men at Pilares, near Nacozari; Juan Cabral and his large band, stationed west of Fronteras; Antonio Garcia with 600 men who are believed to have united today with Cabrel's force and Escoboza, who has 500 men surrounding Moctezuma.

In addition to these importances there are many scattering bands of smaller size and if all were brought together in response to the plan of concentration they would make a large army.

INDICTMENTS AT MACON.

Sheriff and Deputies On Charges of Peonage and Conspiracy.

Macon, Ga., May 8.—The Federal grand jury, sitting here under Judge Emery Speer today returned indictments against Sheriff J. R. Rogers, Deputy sheriffs Job Horne, Luke Dupree and W. E. Chauncey, all of Pulaki county, on charges of peonage and conspiracy. The indictments were returned in line with a lengthy charge last week in which Judge Speer declared that peonage existed in Georgia.

Today's indictments have to do with Clyde and Maude Wimberly, negro man and wife, who, it is charged in the indictments were arrested by Sheriff Rogers and Deputy Horne and turned over to Dupree and Cahuncey, both farmers, to work out a debt to Rogers of $120. The indictment charges that the negroes were kept in a state of unlawful servitude until the debt was wiped out.

ALASKAN LAND CLAIMS.

Attorneys for Cunningham Claimants Before Secretary Fisher.

Washington, May 8.—After having been out of the public eye for some time the Cunningham Alaskan coal land claims, which brought about the Ballinger-Pinchot controversy, today approached their determination. Attorneys for the Cunningham claimants appeared to argue their case before Secretary of the Interior Fisher, Land Commissioner Dennett and members of the board of law review of the general land office. It was expected the hearing would be concluded tomorrow.

The Cunningham coal land claims, 33 in number, are so called because it was Clarence Cunningham who, while in Alaska in 1902, discovered the coal which led to the filing of claims by himself and 32 others. Opposition to the final granting of the claims was due to the charge that there was conspiracy to defraud the government.

PASSENGER STEAMER ASHORE.

Joseph Vaccaro, Near New Orleans—Tugs to Rescue.

New Orleans, La., May 8. — The steamer Joseph Vaccaro, from Puerto Barrios via Puerto Cortez and Belize, ran aground at 10:30 last night at the extreme end of the west jetty of South Pass. Tugs were sent to her rescue.

The Vaccaro carries a cargo of bananas and has aboard twenty passengers.

The tugs Underwriter and Jenny Wilson, after eight hours steady work, did not succeed in floating the steamer this afternoon.

No further attempt will be made tonight to dislodge the vessel into deep water, the officers having decided to await more favorable condition at high tide, at 10 A. M. The passengers remained aboard.

DENIES JERUSALEM THEFT.

Capt. Parker Declares Treasurers Are Not Stolen.

London, May 8.—In an interview today Captain Montagu Parker one of the leaders of the British expedition, which has been making excavations at Jurasalem, emphatically denied the charges of theft of ancient treasures at that place. "All the antiquities we found in the Holy City," he said, "have been left in the hands of the Turkish government."

Captain Parker asserted that the work had been carried on throughout with the consent of the Turkish government and in the presence of Turkish officials. One result of the excavations, he said, was the discovery of proof, beyond a doubt, that the ancient city of David was not on Mount Zion, but on Mount Orphel.

VIRGINIA ODD FELOOWS.

Elected Officers at Meeting of Grand Encampment.

Lynchburg, Va., May 8.—The Grand Encampment of Odd Fellows, of Virginia, in session here today, elected the following officers for the ensuing year:

Grand Patriarch, E. E. Hinckle, of Petersburg; Grand High Priest, Dr. E. A. Jenkins, of Natural Bridge; Grand Senior Warden, Dr. R. Lee Robinson, of Newport News; Grand Juinor Warren, John H. Seaborne, of Portsmouth; Grand Scribe, E. M. Bunch, of Lynchburg; Grand Treasurer, George B. Hill, of Norfolk; Grand Representatives, James B. Blanks, of Petersburg, for two years and Charles D. Fox, of Roanoke, for one year.

MANY INJURED IN WRECK.

Train Derailed Near Elmira, N. Y. Three Fatally Hurt.

Elmira, N. Y., May 8.—A passenger train on the Elmira and Cortland division of the Lehigh Valley Railroad, due here at noon, was wrecked about eight miles north of this city today and 20 passengers were injured, three of them perhaps fatally. The train left Van Etten about 45 minutes late and was making up time. When near Fowler's crossing, between Horsehead and Breezeport, the tender, baggage car, and two coaches were derailed. The tender and baggage car ran over the ties and passed over a culvert. The two coaches were thrown down the embankment and turned over.

VICTIM OF OWN GUN.

John Collins Killed Near Hendersonville, N. C., Yesterday.

Asheville, N. C., May 8.—After an unsuccessful attempt to shoot a crow, John Collins, 82, a farmer lies dead at his home near Hendersonville, the victim of a recoiling gun. He had killed two birds, when he missed the third invader and was hit in the chest with the butt end of his gun. The deceased —who was a prosperous farmer— leaves a widow and several children.

GOVERNOR WILSON SPOKE AT DENVER

(Continued from Page One.)
of all others against the selfishness of private use and profit. We shall take care of our forests and mines and water courses and soil; but, above all things else, we shall take care of our people.

"In the fourth place, we have made up our minds to cut all privilege and patronage out of our fiscal legislation, particularly out of that part of it which affects the tariff. We have come to recognize in the tariff as it is now constructed not a system of protection, but a system of favoritism, of privilege, too often granted secretly and by subterfuge instead of openly and frankly and legitimately, and we have determined to put an end to the whole of the bad business, not by hasty and drastic changes, but by the adoption of an entirely new principle —by the reformation of the whole purpose of legislation of that kind. We mean that our tariff legislation henceforth shall have as its object not private profit, but the general public development and benefit; that we shall make our fiscal laws not like those who dole out favors, but like those who serve a nation.

"By the same token we mean to equalize as much as we can the burdens of taxation.

"In brief, we mean by every progressive measure suggested in such a catalogue of purpose to throw open the gates of opportunity to mankind. This was the original purpose of America. This is the only thing to which Americans can devote themselves with real confidence or enthusiasm. This is the only purpose that distinguishes us from the other nations of the world. Our whole ideal in the new programme of progress is an ideal restoration, of rejuvenation, of justice, wrought out in its working details. We mean to think of rights not as opportunities to be selfish, but as obligations to be just. We shall conceive business not as a means of obtaining, but as a means of serving, and we shall treat politics not as a game of advantage, but as a general, hopeful, confident, conscientious readjustment of the interests of individuals and of classes to one another.

GOMPERS TO AID McNAMARA.

Denies Report He Stated Charges "Were Not A Frame-Up."

Washington, May 8.—President Gompers, of the American Federation of Labor, today in a telegram to J. J. McNamara, in the Los Angeles jail, vigorously denied a statement attributed to Detective Burns that Gomeprs, after his recent investigation at Indianapolis was satisfied that the charges "were not a frame-up."

"We all feel confident of you and your brother's innocence," added Mr. Gomeprs to McNamara, "and will do everything lawful within our power to help in its establishment before the courts."

METHODISTS MEET.

Plan of Federation Being Considered at Chattanooga.

Chattanooga, Tenn., May 8.—The sub-committee of the joint commission of three branches of Methodists, appointed to consider a plan of federation, met this afternoon and tonight. The result of the deliberations will be laid before the commission for action later in the week. Until the report is presented to the full committee no intimation of the unification plan will be given out for publication.

Scranton, Pa., May 8.—Declaring its belief that "over zealousness of the management to put out the fire and a degree of forgetfulness for the safety of the men contributed largely to make the accident so appalling," the verdict in the Pancoast mine disaster probe was handed down today by the coroner's jury. The verdict criticises the company in a number of particulars.

New York, May 8.—Col. Dennis Butler Harris died in a hospital here today. Col. Harris was born in Hanover county, Virginia, March 9, 1836. During the Civil war he performed distinguished services in the Confederate army. The funeral which will be in charge of the Southern Society of New York, will be held here.

Robston, Texas, May 8.—Two guests at the City Hotel were burned to death early today and two others were so seriously injured that they may die. The dead are Eli Hardwood, of Portland, Mich., and Clarence Speue, of San Antonio. Mr. Speue lost his life in an effort to save other guests.

New Orleans, May 8.—Frankie Conley, of Kenosha, Wis., and Joe Coster, of New York, have been matched for a 20-round bout before the West Side Athletic Club, Algiers, May 28th.

SOUTHERN RAILWAY.

Cheap Excursion Rates to Little Rock, Ark., and Return Account of Annual Re-union United Confederate Veterans, May 15th-18th, 1911.

Raleigh, N. C.

THE POPULAR VOTE PLAN.

Senate Considers House Resolution to Amend Constitution.

Washington, May 8.—After disposing of the technical parliamentary obstacles, Senator Borah, of Idaho, today succeeded in having the Senate consider the House joint resolution to amend the constitution so as to provide for the election of United States Senators by popular vote. The effect is to make the resolution the unfinished business and thus give it preference.

The order was made on a roll call, but out of 71 votes only Senators Brandegee, Burnham, Gallinger, Heyburn and Penrose voted in the negative.

Senator Borah announced that he had no intention of so pressing the resolution as to inconvenience senators who may desire to speak on it.

THOUSAND HOUSES BURNED.

Fire Sweeps City in Japan—Details Are Lacking.

Tokio, May 9.—Word was received here this morning that the town of Yimagata, capital of the Yamagata prefecture, was on fire, and that 1,000 houses had already been destroyed. These included the prefecture building, banks, schools and the court house. No further details have been received. Yimagata is about 30 miles from Sendai. It is of considerable importance commercially and has a population of about 45,000.

A. S. HOLDEN, Sec'y.

Under No Circumstances

would we be afraid to have you compare our goods with any of our competitors, for experience has proven that our line is the most reliable that can be offered to buyers. In purchasing diamonds, watches or silverware, it is necessary to know the exact facts about them. We encourage "inquisitiveness" in our customers, and delight in telling them the plain truth about our goods. That, with courteous treatment has won solid, lasting friends for us, and we propose to keep it up.

ICE! ICE!! ICE!!!

-:-YES-:-

ICE! ICE!! and ICE!!!

One might almost be led to believe that this community had never seen Pure Ice until this good year 1911.

A great man once said "there is nothing new under the sun" and this is so to a great extent when it comes to the manufacture of ice.

Now, as a matter of fact, The Independent Ice Company has been for ten years and is still making as pure, as clean, as healthful to use ice as can be found in all North Carolina. We defy anyone to prove to the contrary. Our prices are as low as the lowest. We give full guaranteed weight. Our service is the best Wilmington ever had. We have a polite, accommodating corps of officials who will thank any one to report any act of neglect or discourtesy on the part of our wagon drivers or helpers.

Do the right thing for yourselves and for ourselves by taking ice from the old reliable.

THE INDEPENDENT ICE CO.

WHAT AGE DO YOU EXPECT TO REACH—60, 70 or 80?

If you live that long, there are likely to be some years at the latter end when you will not be able to earn a living for yourself and family.

A man's productive powers are curtailed and usually ceases entirely with old age. This makes him entirely dependent for support upon his friends or the State unless he has saved while young.

Begin to save now during the productive years of your life. Open a saving account and deposit a part of your earnings, which will keep you and yours in old age.

The Atlantic Trust & Banking Co.

"The Bank that PAYS YOU TO SAVE."
Southern Building, Opposite Postoffice.

TURPOILINE

CHEAPER THAN TURPENTINE

It is an odorless mineral product, which possesses great solvent power for paints and varnishes, has the requisite high flash for working and the clean evaporation which leaves the coating in perfect condition.

TURPOILINE makes a free flowing varnish, free from bloom. It flat colors better than turpentine.

TURPOILINE is thorough uniform; you can be assured of receiving the same product all the time.

TURPOILINE costs less and works well.

TURPOLINE is the most satisfactory product on the market for the paint and varnish man.

Try TURPOILINE. One thorough trial will convince you.
